June 1, 1954

Ur. Stanley J. Tracy 4800 College Avenue College Park, Maryland

Dear Stanley:

Thank you very much for your note of May 20, 1954.

It was most thoughtful of you to write me, and I am very grateful for your kindness. It's is needless for me to tell you that we have enjoyed our association with you over the years, and your many friends in the FBI join me in hoping that the coming years will bring every possible happiness to Mrs. Tracy and you.

Sincerely, J. Edgar Hoover

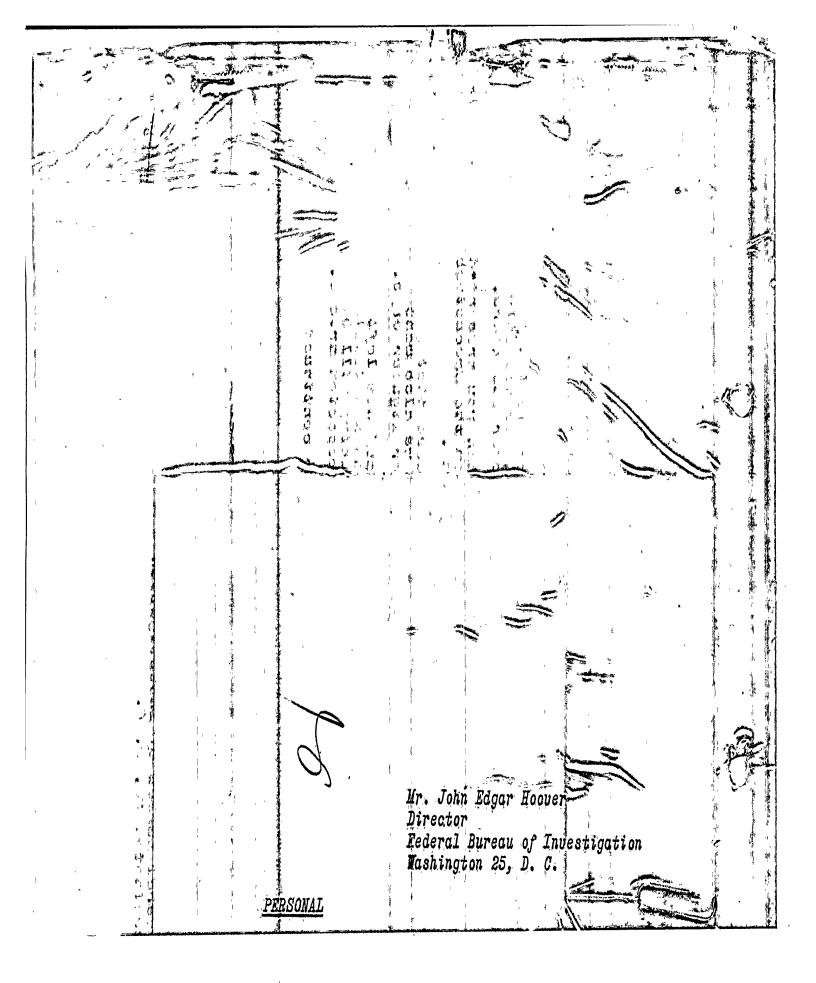

MAILED 5 JUN 2-1954 COMM-FBI

NOTE: Salutation per prior correspondence. Bufiles reflect that Mr. Tracy is to leave Washington for Utah some time during the early part of June. This letter is being sent to his Washington address inasmuch as we have no Utah address for him.

May 20, 1954

Dear Mr. Hoover:

I want to express my deep appreciation to you for the many courtesies extended by you not only on the occasion of my retirement, but over the years.

The meeting in your office when you presented me with my badge and the cuff links from the Executives Conference will long be remembered by me.

Margaret and I were also pleased that you could be with us at the reception, and we also want you to know how much we liked the silver liqueur cups.

Although I have retired, I have not left the Bureau except physically. Your aims and ideals not only for the Bureau but for the country will be carried on as best I can whenever the occasion arises.

With every good wish for your continued success,

Sincerely,

Stanley I vacy

Mr. John Edgar Hoover

Mr. Stanley J. Tracy 4800 College Avenue College Park, Maryland

Dear Stanley:

The story of your career carried on the inside cover of the enclosed June issue of "The Investigator" could only touch on some of your accomplishments, but I think it does show the extremely high regard in which every Bureau employee holds you.

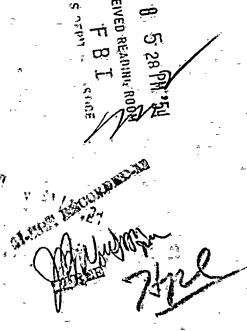

I think the Exhibits Section did an especially fine job in illustrating your story. Please let me know if you would like to have extra copies of this issue, and we will be happy to send them to you.

Sincerely; J. Edgar Hoover

June 7, 1954

Honorable Fhilip Young Chairman C. S. Civil Service Commission Washington PS, D. C.

RE: PERFECUANCE RATIUS BOARD OF REVIAC

Ly dear Er. Young:

With further reference to my letter dated June 17, 1950, concerning the membership of the FDI Performance Rating Board of Review, you are advised that Ir. W. R. Glavin, the Agency member of the Ecard and In. S. J. Tracy, the alternate Agency member, have recently retired from the service of the Federal Lureau of Investigation. Accordingly, Nr. John F. Lohr has been designated to replace Ir. Glavin as Agency member and Nr. Quinn Tamp has been designated to replace Ir. Tracy as alternate. Since Ir. Tamp had been serving as Agency representative prior to his designation as alternate Agency member it is necessary to designate a new Agency representative and Nr. H. L. Edwards has been so designated.

The above is submitted for your information.

Sincerely yours,

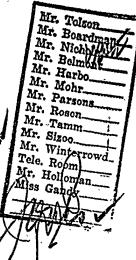

John Edgar Hoover Rivector

AFGE's Stan Tracy Retires -As Assistant FBI Director

Another distinguished AFGE member is retiring from the Government service this month.

Assistant FBL Director Stanley J. Tracy who worked his way up through the career ranks to head the FBI's Identification Division, began his Government service in 1918. He has been with the FBI since 1933 and, after serving in the office of FBI Director J. Edgar Hoover, was appointed in 1941 as Assistant Director in charge of the vitally important Identification Di-

vision and Technical Laboratory: At that time, there were 22 million fingerprint cards on file. Today, the number exceeds 130 million.

An active AFGE member for many years; Mr. Tracy served as chairman of the AFGE's Civil Service Anniversary Banquet this year. He told THE GOVERNMENT STANDARD that he intends to continue his active association with the AFGE after his retirement.

"In accepting Mr. Tracy's letter of resignation, FBI Director Hoover wrote: "I would be less than frank if I withheld my feel- position as assistant director in ings of reluctance to approve your charge of the Identification Direquest . . . I am particularly vision."

Mr. Tracy

qualified by personal observation and first-hand knowledge to appraise your invaluable service because of your assignment to my immediate office and your current MOL RECORDED.

Y. S. DEPARTMENT OF LABOR AU OF EMPLOYEES! COMPENSATION WASHINGTON 25, D. C.

June 15, 1954

WHEN WRITING ALWAYS REFER TO FILE NO.

Mr. Stanley J. Tracy 4800 College Avenue College Park, Maryland During and prior by Date of Injury prior to 1949

goistant Director Occupation

Dopartment of Justice Employing Establishment

Dear Sir:

This office has received your written notice (Form CA-1) of a personal injury reported to have been sustained by you on the above date while in the performance of your duties as an employee at the establishment shown.

Under the provisions of the Federal Employees' Compensation Act a civil employee of the United States who is injured while in the performance of his official duty is entitled to (1) medical treatment for such injury and (2) payment of compensation for disability resulting from such injury.

The information on file in your case is not sufficient to show that you are entitled to benefits under such Act because

written notice of injury and claim for compensation not filed within one year.

Sections 15 to 20 of the Federal Employees' Compensation Act provide that unless written notice of injury and claim for compensation is made by or on behalf of an employee within one year, no compensation shall be allowed. However, the Bureau may waive compliance with these requirements should it find (1) that such failure was due to circumstances beyond the control of the person claiming benefits, or (2) that such person has shown sufficient cause or reason in explanation thereof and material prejudice to the interest of the United States has not resulted from such failure.

This is not a decision on your case but is intended to give you the opportunity to present any further evidence you may care to offer before a decision is made. Such evidence must be in writing but need not be notarized or in any particular form. If you desire a decision on your case you must also complete and send to the Bureau the attached Form CA-LIGCY

Very truly

No further action will be taken by the Bureau concerning your right to benefits unless in response to this letter you advise whether you intend to perfect your claim.

1 JUN 24 1534

Revised 5/54

Memorandum • United States Government

TO Mr. Mohr

H. L. Edwards 5 FROM :

SUBJECT:

STANLEY J. TRACY

EOD 9-11-33 - Temporary EOD 10-16-33 - Permanent

Retired 5-31-54

Former Assistant Director EMPLOYEE COMPENSATION MATTER June 17, 1954 Nichold

Mobr Trotter Winterrowd ,. Tele. Room _ Miss Gandy -

Belmog

You will recall that former Assistant Director Stanley J. Tracy filed a claim with the Bureau of Employees' Compensation (BEC) claiming a loss of hearing in his left ear which he first noticed in 1949 and that Mr. Tracy attributed this hearing loss to exposure to noise from firearms while engaged in firearms training on the indoor ranges and at the FBI Academy, Quantico, Virginia. It was recommended April 23, 1954, and approved by the Director that compensation forms CA-1 and CA-2 and Photostats of pertinent medical reports furnished to Mr. Tracy from 1938 to date be transmitted to the The Director commented in connection with such compensation agency. recommendation "Okay but make no recommendations." Such material was then transmitted to the agency for the consideration of Mr. Tracy's claim that his hearing loss was attributed to working conditions.

By letter dated June 15, 1954, the original addressed to Mr. Tracy with a copy designated for the Bureau the Claims Section, BEC, have advised Mr. Tracy that the information on file in his case is not sufficient to show that he is entitled to benefits under the Federal Employees Compensation Act in that written notice of injury and claim for compensation were not filed within 1 year from date of injury. BEC pointed out that sections $ar{15}$ to $ar{20}$ of the compensation act provide that unless written notice of injury and claim for compensation is made by or on behalf of employee within 1 year, no compensation is allowed. However, BEC may waive compliance with these requirements should it find (1) that such failure was due to circumstances beyond the control of the person claiming benefits or (2) that such person has shown a sufficient cause or reason explanation thereof and material prejudice to the interest of the United States has not resulted from such failure.

BEC has pointed out to Mr. Tracy that the above is not a decision on his case but is intended to give him the opportunity to present any further evidence he may care to offer before a decision is made. BEC advised Mr. Tracy they will take no further action concerning his claim unless he submits a reply to them Nthat he intends to perfect such claim. FEDETAL CONLINA C

Ogden's 'Dick Tracy' Sets Date for Leaving FBI Job

By Frank Hewlett Stanley Tracy, Ogden's famed School he entered the Army for G-man, is retiring this month brief service at the close of from his important job as as World War I. sistant director of the Federal Bureau of Investigation.

A spokesman for the FBI government service May 15.

He has been one of the key assistants to FBI Chief J. Edgar Hoover. _

"I would be less than frank if I withheld my feelings of reluctance to approve your resignation," said Mr. Hoover in ber of the Utah Bar Associaa letter to Mr. Tracy. "I am sonal observation and first-hand with the FBI since Sept. 11, knowledge to appraise your 1933. One of his first assignvital service because of your ments with the bureau was as long assignment in my imme a field agent in Salt Lake City. diate office and your current position as assistant director in charge of the identification divi-

known in G-men circles, was Tribune Washington Bureau born in Ogden in 1900. After WASHINGTON, May 1- graduating from Ogden High

Following the war he came to Washington where he worked sald Mr. Tracy, the man in for the government and also charge of the world's largest attended George Washington file of fingerprints, is leaving University where he obtained his law degree.

> He now is president of the general alumni association of George Washington Univer-

Mr. Tracy has been a memtion since 1926 and has been In 1934 the sandy-haired Mr.

ton as an assistant chief clerk "DICK" TRACY, as he is and was assigned in charge of J. Edgar Hoover's office. He served with the chief until late men who have been given jobs 1941 when he was named assistant director in charge of iden-

> WHEN MR. TRACY took over the identification department, the FBI had 22 million fingerprints on file. It now has the to Mr. Tracy's old friend and tremendous number of 130 mil-long-time associate, Louis B. lion. These prints now come in Nichols, who is assistant to at the rate of more than 20,000 the FBI director in charge of a day.

tification.

Mr. Tracy has 2,000 people working under him in the identification department. His experts constantly are on call to testify on fingerprint evidence and countless are the crimes that have been solved throughout the country as a result of the work of his department.

Stanley Tracy . . . One of key assistants to FBI chief.

Despite his big department, Mr. Tracy has long made a practice of interviewing each employe when they begin work.

Many of these workers have included Mountain States young so they could attend law school

Mr. Tracy plans to visit Utah early in June for an extended stay and while there hopes to get in some long overdue fishing. His plans for the future still are unsettled, according

July 1, 1954

Mr. Stanley J. Tracy c/o Dr. H. E. Nelson 1107 East South Temple Salt Lake City, Utah

Dear Stanley:

I am sure you knew before you retired we were going to include in the July, 1954, issue of the FBI Law Enforce-ment Bulletin an article on your career with the FBI. The July issue has just come out, and I am enclosing five copies of it for your personal use. If you need -few more copies, please let me know, and I will have them sent to you.

MAILED 5 JUL 2 -- 1954 COMM-FBI

Dear Stanley:

It seems as though you are continuing to show up in each new issue of "The Investigator." The August issue carries your picture, together with the Elsons and Micks on page twenty-three.

I certainly hope you are enjoying your Salt Lake City visit.

Sincerely,

J. Edgar Hooyer

My

A THE STATE OF THE

DIRECTOR, FBI

STANLEY J. TRACY

AMERICAN BAR ASSOCIATION Criminal Law Section, Chicago August 15-20, 1954.

The above-mentioned convention was attended by Assistant Director ROLF HARBO and the writer, with particular reference to the Criminal Law Section. Mr. HARBO is furnishing details as to the program, etc.

Officers for the ensuing year were elected the opening day of the section meeting Monday, August 16. WALTER ARMSTRONG, Jr. specifically requested that I continue to serve for one more year as Assistant Secretary. I discussed the matter with him and with others in this section and they felt that Mr. HARBO was not sufficiently acquainted with individual members to be considered at this time. Mr. HARBO will be favorably considered next year.

In addition, Mr. ARMSTRONG is placing Mr. HARBO on the Police Training Committee and on the Juvenile Delinquency Committee.

The sessions of the Criminal Law Section were extremely well attended and the work of the section seems to be attaining a greater importance. Part of this is due to the fact that the former Chairman, ARTHUR FREUND, has been removed from the Chairmanship. Mr. ARMSTRONG is able to secure a far greater degree of cooperation from Bar Association officials.

Mr. HARBO met most members of the Criminal Law Section; including all the officers, council, and distinguished guests. He made a very fine impression and several individuals remarked to me they were more than delighted he was becoming active in the Section and they looked forward with a great deal of pleasure to future association with him. I think Mr. HARBO will render outstanding service in this Section of the American Bar.

On returning to Washington approximately September 1, I will contact Mr. HUFUS KING and secure from him copies of various reports for the further information of the

X-ray Dept.

X-ray examination of the chest.

Dr. Feen,

(M. C.) U. S. N.

REPORT

Film of the chest reveals slight haziness at the apical tips due probably to minimal pleural thickening. The lungfields are otherwise clear except for rather heavy hilar shadows. The diaphragm is negative and the heart shadow is normal.

ILTRESSION: No evidence of recent or active pulmonary tuberculosis.

A.S. CHRISMAN, LIEUT. (MC)USN.

(M. C.) U. S. N.

O

STALLEY J. TRACY is campaigning for national president of the AFL's AFGE on a platform that calls for: A 35-hox week in Government; pay raises for Federal and District Government employes; restoration of 30 days annual and 15 days sick leave for all employes, and major medical and health insurance for employes.

JAMES A. CAMPBELL, a candidate for reelection as AFGE's national president, has urged the Democratic Party to include in its platform these promises: To protect and extend the merit system; a fair and non-political employe loyalty program; adequate pay raises for Federal employes, and promotions based on merit in Government.

CSC: Nicholas J. Oganovic will be appointed director of Civil Service's Denver regional office as of Sept. I. He's assistant chief of the agency's Bureau of Departmental Operations here. Edmund S. Burrows, Denver director for the past year, will return here to be chief of the Personnel Management Review Section.

MEMO FOR THE DIRECTOR

At Chicago during the American Bar Convention, Walter Armstrong, Chairman of the Criminal Law Section, was most insistent that I remain as Assistant Secretary for at least one more year. He confidentially advised me that he is trying to elimiate arthur Freund, the former Chairman from St. Louis, from the picture. During interim meetings and at the Convention, I have taken rather strong opposition with Freund's views, being about the only one in the Section who opposes him. At the Convention next year, I will complete arrangements for the momination of Harbo.

Respectfully,

SJT:eff

I told Tracy I saw no reason for Tracy giving up the o office.

FROM & J. F. OHR

SUBJECT: SOUTHY OF HUMBER SPECIAL APPLIED, In C. Infortation Concerning

Daniel L. O'Connor called me this morning, he being a member of the Executive Corrittee of the Society, and asked me if I was familiar with the project being proposed by bessrs. S. J. Tracy and D. M. Ladu to establish a dicaringhouse for public source information on subversives and subversive groups. I advised C'Connor I knew nothing of the project and he said that it has been proposed that the Society make a public announcement indicating the necessity for such an organization and that Mersrs. Tracy and Ladd would then be able to present justification to a foundation for sufficient funds to set up such a clearinghouse. O'Connor taid what he wanted to knew was would the Burcau have any reason why the Society should not nelp in connection with this.

I asked O'Connor how the Society felt alout it at this point and he told be that the Society would probably be opposed because they did not want to get involved in anythin; that was the least bit controversial and he thought the proposed project was of a controversial nature. I asked O'Connor specifically if it was his impression or his knowledge that it would be possible for a member of the rublic to write to this proposed clearinghouse and ask if a specific individual was a number of a Communict front group or the Communist Party and jet back a reply. O'Connor told no it was his imprection that a nonber of the public could do that and as a matter of fact the clearinghouse would send back public source paterial indicating whether or not the individual was affiliated with subversive organizations. O'Connor said he had a letter from Lr. Tracy outlining the organization and he said it was proposed that it he called the American Research Foundation, that it be located in Wasnington, D. C., it be separately incorporated, have a library which would be implemented by other libraries now in existence on such material, that it would be staffed by fully conpetent professional people but that it would not overate as an investi ative or unication nor would its aims and purposes run counter to any state or reducal internal security investigative function.

In discussing this with year, I got a different impression as to the type of corpanization Mr. Tracy was trying to set up and it

JFn:lil (3) 60 = mr. leichols appeared they were mainly interested in disseminating printed material on organizations and groups and not in the business of clearing or not electing individuals.

In talking to disconor later I asked him specifically if the so-called election house was going to engage in clearing individuals as he had indicated to me and he said that was merely his impression and that ir. Truey had not told him they were going to do that. He said he felt that the aims and purposes of the clearinghouse, however, were sufficiently lipsed to permit them to do it. He read me parts of the letter which he had gotten from Mr. Tracy on this subject and one of the purposes was the discomination nation wide of anti-Genhanist propaganda, to plan an educational program of anti-subversiveness and the object of the clearinghouse would be to get the truth to the public since the public new has no place to go for the truth.

I told O'Comor that I could not give him any information as to the position he should take on the subject matter but it seemed to no that his first observation was correct, that it appeared to be a rather controversial matter and he would have to use his best judgment in making a decision. He told no that unless the Lurcau had some specific reason why the Society should back the project, he was opposed to it and would appear the Society being used for the purpose indicated.

The foregoing is submitted for your information.

SUBJECT:

Starty J. Till

Dr. Philip Bradley, Economic Advisor for the Ford Motor Company, son-in-law of Senator Wiley, told me he had been hearing some very good things about the American Research Foundation which will be headed by Messrs. Ladd, Tracy, O'Connor and others. He thinks there is a real need for this type of a foundation and he could be instrumental in interesting certain folks to put money in this. He would not do this however unless I told him it was all right. I told him obviously regardless of what our personal feelings might be, we could not recommend any private organization and while Messrs. Ladd, Tracy and O'Connor were fine gentlemen, this would be a decision he would have to make himself.

and the same as the Congressional Library open to the general

public:
One of the primary services
would be for writers, researchers,
the press; and so on

NO INVESTIGATIONS.

No investigative work this be done by the foundation or its metal, bers, Mr. Tracy said.

We are all lauvers," be some "We won't be doing ary involved." ing. No other services exempt as a research center."

An unnamed member of the group, quoted by the United Parks, group, quoted by the content and said the organization would not into the "private vigilante" category which President Eisenhower deployed in an American Legion speech some 18 months ago.

NO NAMES YET

Members of the founding group include Government officials, at least one security agent and two private attorneys. Mr. Tracy declined to name them until officers tuve been chosen.
"The meeting today is to pur the

final touches on organization," he said. "We are just reaching the end

said. We are just reaching the end of writing the articles of incorporation.

We are preparing the problem which will include all the smalls concerning the foundation and that will be available to everyone.

Bylaws prohibit members from wountarity testifying before any committee or investigative board.

Asked why, Mr. Tracy said;

Because being a public all prary, we should not charge in anything.

we should not engage in anything to affect legislation, it will be strict by objective."

Mr. Charles O. Greene 24 Oakley Place Great Neck, New York

Dear Mr. Greene:

Receipt is acknowledged of your letter dated May 15, 1955, requesting the present address of Mr. Stanley J. Tracy.

As you know, Mr. Tracy retired from the Federal Bureau of Investigation in May of 1954; however, the records indicate that in December of 1954, he was residing at 4800 College Avenue, College Park, Maryland.

Sincerely yours,

John Edgar Hoover Director

Federal Bureau of Investigation Washington DC

Gentlemen:

Can you inform me as to the present address of Stanley J. Tracy, who retired from the Bureau last year? Friday's Herald-Tribune stated that Mr. Tracy is setting up a library on subversion & I believe he'd be interested in some of the material I have collected during the past ten years.

Sincerely

s/Charles C. Greene

SUBJECT:

FOUNDATION FOR AMERICAN RESEARCH

For record purposes, at 3:15 p.m., 5/11/55, Miss Gwen Libson, model of United Press, advised Wick in my office she would, on the morning of 5/12/55, write a story relating to the Foundation for American Regards as being established by former Bureau employees and specifically, Wesses. Ladd and Tracy. She asked if Mr. Hoover or the FBI would have any comment. Wick told her, since this was a private undertaking, neither the Director nor any Bureau official would have anything to say.

At 11:30 a.m., today, J. Herbert Altschull, of the Associated Press, talked with Wick in my office. He asked where Mr. Tracy could be reached and it was suggested that Altschull might try to reach him at him hone Altschull also asked for the ages of both Mr. Ladd and Mr. Tracy, the positions while in the Bureau, the dates they each retired, and their dates of entay into the service. This information was given to Altschull: Ladd, entered on duty, 11/5/28, and retired 2/28/54; Tracy, 54, entered on duty, 9/11/33, and retired 5/31/54. Altschull also asked if the Bureau had any feeling one way or the other about these former employees forming an organization of this type, and Wick told Altschull the Bureau had no statement inasmuch as it was a private a undertaking.

UNITED STATES GOVERNMENT ffice Memorandum DATE: May 13, 1955 TO FROM Sizoo Kinterrowd FOUNDATION FOR AMERICAN RESPA Tele. Room . SUBJECT: Holloman ---Gandy . Al Shuster of the Washington bureau of the New York Times called my office May 12, 1955, and spoke to DeLoach. He referred to the captioned organization which will be headed by Messrs. Ladd and Tracy. He wanted to know if any FBI employees who are currently on active duty with the FBI would be employed by Ladd and Tracy during their off hours from the Bureau. DeLoach told him definitely not. Shuster then wanted to know the EOD and retirement dates of Ladd; also, the entry and resignation dates of Dan O'Connor and Aaron Jacobsen. After checking, Shuster was advised that Ladd entered on duty November 5, 1928, and retimed as of February 28, 1954. O'Connor entered on duty June 26, 1939, and resigned October 15, 1945. Jacobsen entered on duty as of August 13, 1928, and left March 17, 1932. It was made clear to Shuster that the FBI has no connection with the captioned outfit directly or indirectly; that we knew nothing about it and that it was strictly a private operation. He stated he understood this. ACTION: record purposes. cc: Mr. Jone CDD:23m (17 (3) 84 /c iz 27 PM '53 DEPT. OF JUSTICE History

SPLANNAPO FORM WA. CO HNITED STATES GOVERNMENT DATE: May 13, 1955 L. B. Nichql SUBJECT: Winterrowd Tele, Room Holloman _ Gandy _ For record purposes, Mr. Tracy called me on the morning of May 12th to inquire whether I had seen the publicity on the American Research Foundation in the News. I told him that I had not, but that I had seen the ticker. I told him I frankly thought it was premature. Tracy then told me that Dan O'Connor had interested a friend of his from the United Press the night before b6 in doing a story. This, of course, is who covers the Department b7C and who called us on this. Tracy stated that the story had taken hold and they were having numerous inquiries, I told Tracy that these things, of course, are befraught with danger. Mr. Ladd came in to see me Thursday afternoon. He volunteered the information that he was leaving town. I told him it was a good thing. He volunteered that he did not like the headline. I told him that I thought that the publicity was premature and might have an adverse reaction and that we would, of course, have to disassociate ourselves from this should the question come up. Ladd stated that he, of course, understood and that we should; that Tracy in talking to the press had made it very clear that the Bureau had nothing to do with it. In view of the persistency of the inquiries, I had Wick call the AP and the UP on the night of May 12th, which is already covered by separate memorandum, pointing out that we had no direct or indirect connection; that it was a phyvate organization; that the Bureau has no knowledge of the plans. This appeared on the UP ticker on the morning of May 13th. Mr. Tracy called me on the morning of May 13th to inquire what the reaction was regarding publicity. I fold him that quite frankly if had been bad; that I expected it was only a matter of time before a barage would be directed at both him and the Bureau and that I thought they certainly should have waited uppl they had a good substantial amount of funds before jeopardizing themselves in the manner in which they were by the publicity. Tracy felt the publicity was good and they were getting uniformily a good react in that there had not been any sour notes as yet. I told him that the sour notes would he been in the form of a brickbat and this disturbed med Est. Of Merice cc - Mr. Deardmanker, of cc - Mr. Jones ZO MAY 24 1955 LBN:ptm

Library on Communism Related by FBI Speaker

A proposed library of uncensored open books on Communism was described here yesterday by former assistant director of the Federal Bureau of Investigation Stanley J. Tracy.

S. Mr. Tracy addressed members (pf the Manufacturers Association jin the Boot Garden of the Onondaga Hotel.

"The truth is our stronger weapon . . the truth about the manifold hea, distortions and tachilds utilized by the Communists and others seeking to influence public opinion," Mr. Tracy said.

The speaker said truth is conlained in Communist books and publications and the truth is also contained. In publications and writings of American and foreign acholars, but that it is "scattered" fround the nation, and in its en-Officety available to none?

Mr. Tracy said that a group of Clawyers, all former agents or officials of the FBI, incorporated the Foundation for American Re-search May 12, 1055 in Washington,

The foundation, the specker said, would collect, index correlate, and file as a public educaition service all past published "thata concerning the policies oper-(-attorn and nature of Nan. Facility Communist and similar croups.

Mr. Tracy said that the loundstion was a private corporation for literary and educational purpose, and that it is non-profit non-sectarion, hon-political; and non-governmental lie added that the Joundation's library would be valuable to educators, clergymen. Capor leaders husiness executives civic groups, wholers, historians, authors and members of the press.

"It is imperative that such a service be provided if our social, religious and economic structure is to be able of meet successfully the totalitarian slave labor, and Godless structure of Communism,"

I lans for Library to Defend the Innocent' Under Way in Washington, Manufacturers Told

Plans for a library to "defend; the innocent," are under way in Washington, D. C. according to Stanley I Tracy former assistant director of the FBI, who spoke at acon today to the Manuplacturers Association,

Information on subversive and totalitarian activiles will be on file in the proposed library, being organized by the Foundaton for American Research.

"No single pro and con can be found in connection with Fascists, Communists or Nazis, We have to have the whole picture so that we know the facts." stressed Tracy, chairman of the organizing committee for the foundation.

Publications of Communist front graups will be available to the public in this non-profit and nonpolitical library. In two weeks publi prochures on the facilities of the library will be mailed to the public.

Get All the Facts

"The current function of the library is to be certain that we munist Party is trying to, for religion," Tracy explained.

FORMER FEI ASSISTANT HEAD HERE. Members of the Manufacturers Assn. confer with Stanley J. Tracy, formerly of FBI, who spoke at the association's meeting today. On the left of Tracy is Earl Mason, assistant director of the Manufacturers Assn.; William J. During, vice president, stands on the right of Tracy.

finance contraction of the ivary, which will only dessentiaate fact. "We do not vant to propagancize the American priir: all material will be faction. continued Tracy. No other y n the library will permitted to in-) terpret any material.

Tracy estimates the ! bracy will! be staffed by 75 people when completed. Experts in various. fields will be on hand to select material to be sent to universities, labor leaders, newspapers and religious leaders.

Record Changes

Every change in Communist Party policies in each area of the world will be on record in the library, so that this nation can keep informed on the group's tactics," the speaker said.

"Films, radio scripts and television matter will not be used unless they are reproduced in a published form," said Tracy.

Former FBI men developed the idea of a library "to defend the innocent." Tracy worked with the government for 34 years before retiring last year, Besides helpite to organize the library, Tracy currently working on a resear. program at George Washington library is to be certain that we get material on what the Com-leaders in education, labor and American industry, foundations problems as they affect the and private individuads will help United States.

ELECTROCARDIOGRAPH STUDY

Name:	TRACY, STanley	J.	Rate: FBI	Age: 47	Ward:	Rm. 125
Diagnosis:		-	Previous Tests:	No		
Referred by:_	Dr. Millar		MC, USN(R)		7	 -
. •		-	-		~	æ
•						•

INTERPRETATION

Cardiac No. D-3844 ECG Taken: 11-25-47

Rhythm:

Sinus

Rate:

60 per minute

P Waves:

P-R Interval:

0.16 seconds

QRS Occupies:

Q Waves:

Axis Deviation:

S-T Segment:

T Waves:

Upright in all leads.

Chest Leads:

Conclusion:

NO EVIDENCE OF MYOCARDIAL DAMAGE.

J. A GRINDELL

CDMC, USN

SUBJECT:

SOCIETY OF FORMER SPECIAL AGENTS

OF THE FBI, INC

During my absence Saturday 2-11-56, Wick in my office at 2:05 p.m. received a telephone call from former Assistant Director Tracy. He said that at the last Washington Chapter meeting Thursday 2-9-56, he and Jim Egan sat at a table with Karl G. Hastedt who is the Managing Editor of the "Sunday Times-Advertiser," Trenton, New Jersey. Hastedt attended the meeting with Gordon A. Philips of Trenton, New Jersey who is National President. Philips was formerly Chairman of the Publications Committee which published "Grapevine," the organization's monthly publication, and uses Hastedt in its preparation. He is not a former Agent, is not listed in the Society directory but because of his newspaper experience has proven helpful to Philips.

For your information, we have never investigated Hastedt and have no derogatory data on him. He had a tour of the Bureau with Philips and Mortimer J. Davis on 1-17-55. (67-029-226) Our relations with the Trenton "Times-Advertiser" are cordial.

Mr. Tracy said Hastedt had many peculiar ideas and has apparently been misinformed concerning Mr. Hoover. Tracy and Jim Egan straightened him out after he mentioned that he always thought of Mr. Hoover as a Republican and active in politics. The subject was mentioned by Mr. Hastedt during the course of conversation and both Tracy and Egan pointed out the Director actually has never voted and, of course, is neither Republican nor Democrat. Hastedt countered with the fact he felt certain that Mr. Hoover was a Republican. Hastedt had no "gripes" against the Bureau or Mr. Hoover, had favorable things to say but seemed badly mininformed about the FBI generally. Tracy also said that he has received the impression that more and more during Society meetings there is less and less criticism of the Bureau. He said, in fact, today he seldom hears any criticism and he attributes this to the fact that the responsible folks now are in command, have taken over from the former cliques which previously dominated meetings and affairs and the situation is now healthy.

MEMORANDUM

re: Mr. Stanley J. Tracy

Mr. Tracy entered on duty in the Federal Bureau of Investigation on October 16, 1933, as a Special Agent in Grade CAF 8 with salary at the rate of \$2900 per annum. Following a period of training he performed investigative duties in the Salt Lake City and San Francisco Offices of this Bureau and served in a supervisory capacity at the Seat of Government. Mr. Tracy also served as the Assistant Director of the Identification Division. He retired effective at the close of business May 31, 1954, at which time he was occupying the position of Assistant Director with salary of \$13,200 per annum in Grade GS 17. His services were satisfactory and nothing of a deregatory nature was known concerning his character or integrity during the period in which he was an employee of this Bureau.

Memorandum prepared for the Special Inquiry Section for transmittal to the Commission on Government Security.

ice Memogandum • united states government DATE: 1-23-56 EUBJECT: INVESTIGATIONS OF D. MILTON LADD AND STANLEY J. TRACY FOR COMMISSION ON HOVERNMENT SECURITY With reference to the investigations of the above-captioned individuals, a question has been raised as to the theory of referring to them as "appointees" in the airtels to the field ordering the investigations since this indicates that they have been appointed to Isomething. The policy has always been followed in the Special Inquiry Section of the Investigative Division of referring to persons on whom requests for investigation are received from the White House or the various Cabinet officers as "appointees" to distinguish that group of individuals whose services are sought by the Government from those who apply to the Government for employment. This policy was initiated at the time the first request for investigation was received from the Eisenhower Administration im November 1952 on instructions from then Assistant to the Director Ladd on the theory that it would not be proper to refer to such individuals as "applicants." In the majority of cases, the position for which the person is being considered is not identified by the White House or the Cabinet officer and if it involves a Presidential appointment, the word "applicant" would be incounate The word "applicant" is used in the stigations involving persons being considered for employment by the Atomic Energy Commission. (AEC), cases referred to the Bureau under Public Law 1298 and Deprothental Applicant cases. The word "employee" is used in a certain group of cases, particularly the Atomic Energy Act-reinvestigation cases where the individual is and has been employed by AEC for some time. In a cases involving persons designated as delegated twithe Intermedication national Labor Organization or World Health Organization Conferences, the word "delegate" is used in light of "applicant." 357, 22. The cases from the Commission Covernment Security fall in the same category as those from the White House and the Cabinet officer The same policy has been followed with reference to these cases: RECOMMENDATION: None. For information only.

SUBJECT:

commission on Government

Dough rice called me from Los Angeles on the morning of 1/16/56. He has been conferring with Loyd wright. Wright's physical Accordation is not good and as soon as he recovers to the point where he can move around he is going out to the desert for a period of time and his return to Washington is unknown.

The one matter that Wright wanted to get resolved was whether or not the Commission would appoint Dean L. Dale Koffman of the University of California at Los Angeles Law School, as Staff Director and Wright asked if we could give some estimate as to when our investigation would be completed. After checking, I told Price that we hoped to have the investigation completed this weekend and Price requested that when it was completed it should be sent to Wright here in Washington and that Price would then forward it to Wright.

Price then inquired on behalf of Wright whether there would be any restrictions to Wright sharing our summary with the five members of the Commission who are on a subcommittee with Wright. I told Price that our report, naturally, would be classified and that it would be up to the Chairman to protect the classification and that whether he showed it to the members of the Commission was a matter for his determination.

Price then stated that Wright had inquired regarding D. M. Ladd and Stanley Tracy as they understand both will be available as consultants. I told Price that we would be reluctant to recommend any former Bureau personnel for reasons which he very well knew. The fact did remain, however, that both Messrs. Ladd and Tracy left the Bureau in good standing with excellent records; that the question particularly with Mr. Ladd would be whether he was too closely associated with security work while he was in the Bureau and while they had excellent records and were very competent people, we would be reluctant to recommend any former Bureau personnel in view of the attitude which was manifested by some of the members of the Commission. Price stated that for my own information Mr. Wright, as he got more and more acquainted with the subject matter, is becoming more pro-FBI and that Wright told him yesterday that they could not hope to achieve any success at all without the Bureau's assistance.

SERVICE RECORD INQUIRIES

By letter dated 1/17/56 received from Douglas R. Price, Acting Executive Secretary, Commission on Government Security, the FBI was requested to investigate Mr. Tracy and Mr. Ladd from the standpoint of loyalty, character and associations in accordance with provisions of Section 4B, Public Law 304, First Session, 84th Congress. Special Inquiry Section, Investigative Division, is handling this phase of the inquiry and Special Inquiry Section has requested this division to furnish personnel summary memoranda concerning Mr. Ladd's and Mr. Tracy's services. These will be included in the summary which will be prepared by the Special Inquiry Section for referral to the inquirer.

There are attached memoranda concerning both Mr. Ladd and Mr. Tracy which characterize their services as having been satisfactory and which point out that nothing derogatory was known concerning their character and integrity. Such a statement is certainly commensurate with the contents of their respective files.

Mr. Nichols' memorandum of 8/11/55 entitled "Commission on Government Security" pointed out that both Mr. Tracy and Mr. Ladd were anxious to be appointed to the Commission and after the fallacies were pointed out to Mr. Tracy, he agreed and both he and Mr. Ladd then desired to be appointed as consultants on the staff. The files of Mr. Tracy and Mr. Ladd reflect that after they left the Bureau they organized "Foundation for American Research, Inc." Such organization is designed to maintain a reference library on Communism, Fascism and similar movements.

Ex-FBI Man to Aid Ring Board

A former FBI man, Stan J. Tracy, is in line for the \$15,000a-year job as secretary of the State Athletic Commission, according to word from Sacramento.

Tracy, 52, now is serving as assistant legal counsel to the Bi-Partisan Commission on Federal Security in Washington. If released by the commission he could accept the new post implicately. If not, he would be available to assume it Jan. 1.

If he accepts the post, Tracy would succeed Joe Genshlea, who has said he woll retire shortly.

Under the new setup, however, Tracy would have far more authority than Genshlea. Gov. Goodwin J. Knight has suggested the secretary be the driving force in the commission with the five men he appoints to the board setting policies to be carried out by the secretary.

Office Memorandum • UNITED STATES GOVERNMENT

TO

Mr. Rosen

DATE: January 24,

Nicks Belmont

FROM

G. C. Callan

SUBJECT:

STANLEY J. TRACY SPECIAL INQUIRY

COMMISSION ON GOVERNMENT SECURITY

Vinterrowd
Tele. Room
Holloman
Gandy

Request received 1/20/56 by letter dated 1/17/56 from Mr. Douglas R. Price, Acting Executive Secretary, Commission on Government Security, for an investigation of former Assistant Director Tracy. Request does not indicate nature of position for which being considered.

In accordance with instructions issued in connection with this request, the field will be instructed to confine its investigation to a check of the records of the U. S. Civil Service Commission (CSC) and checks of the records of the Metropolitan Police Department and the District of Columbia Credit Bureau. It is to be noted that Mr. Tracy lists no references in connection with this employment. No credit or criminal checks will be made concerning any of Mr. Tracy's immediate relatives, which include his mother and a sister and no check will be made of the records of the House Committee on Un-American Activities (HC'A). The summary for the Commission will be confined primarily to Mr. Tracy's past Bureau record.

RECOMMENDATIONS:

(1) The attached airtel be sent to the Washington Field Office requesting a check of the records of CSC and checks of the records of the Metropolitan Police Department and the District of Columbia Credit Bureau concerning Mr. Tracy.

(2) It is recommended that the summary prepared for the Commission include information concerning Mr. Tracy's education and employment prior to entering the Bureau and a statement that persons interviewed in 1933 highly recommended him, all of whaton will the from the Bureau's investigation of Mr. Tracy in 1933. It is also

Q

February 14, 1956 Mr. Sizoo Mr. Tolson: 57 Mr. Winterro Tele. Room Mr. Holloman Miss Gandy My Tracy called me on February 14 and stated that he would like to come by and see the Director for a few minutes on Thursday or Friday afternoon of this week if convenient. There are a few things he wants to bring the Director up-to-date on, although Tracy did not mention them to me. He was enthusiastic about his conversation with Loyd Wright and is taking the consultant job with the Commission on Government Security early in March. In connection with the foundation which he and Mr. Ladd have been working on, United Fruit Company, Grace Lines and the Association of National Industrialists are all interested. Tracy further told me that he has been checking further up on the Hill; that he finds there is no inclination to do anything with the Executive Pay Raise Bill until after the primaries in South Carolina. Senator Johnston of South Carolina has personally told Tracy that he has ironed out his difficulties in South Carolina; that he feels that he will come through the primary and will be re-elected; however, he is being very careful to stay away from anything of a controversial nature at this time. Johnston has as a consultant on the Senate Post Office and Civil Service Committee James B. Watson, who is President of the Civil Service League of New York. Tracy has gotten to know Watson and the two of them recently spoke on the same platform in Philadelphia. Watson has invited Tracy to come in and discuss with him on an informal basis the Retirement Bill in which Tracy has taken considerable interest. Tracy wants to do two things. In connection with the Retirement Bill, he wants to talk to Watson along the lines of admitting phraseology which will permit Bureau Agents to acquire more than thirty years of service on which retirement benefits could be paid; that once this is done, next year an effort can be made to restore the retirement benefits to the position they had the last few years, namely, upping it 2.5%. I told Tracy I could see no harm or nothing wrong in his exploring this with Mr. Watson. Tracy further stated that he also felt that it would be desirable to talk to Watson regarding the Executive Pay Raise Bill with the thought in mind of having this cleared on the staff level and possibly putting it in any new bill that Johnston might present. Tracy stated that he thought that before doing this that I hould discuss the matter with the Director as he would not want to do anything that the Director would not approve of. I told Tracy I would be glad to mention this to the Director. RECORDED - 34 Respectfully,

Could Randle this

LBN:arm (2) with Tracy

L. B. Nichols

FEB 21

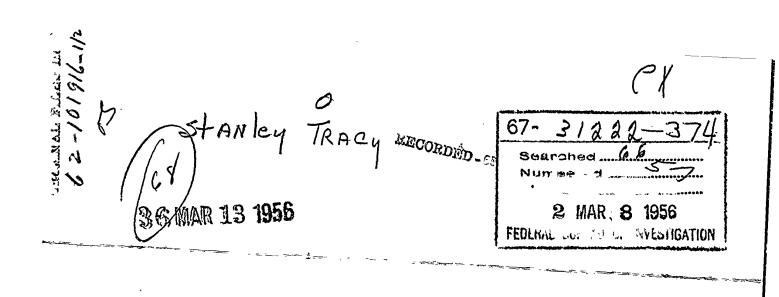

Memorandum to Mr. Rosen

recommended that the statement regarding Mr. Tracy's Bureau service be included in the summary, such statement to be prepared by the Administrative Division. The summary will also contain the results of a check of the records of CSC and record checks at the Metropolitan Police Department and the District of Columbia Credit Bureau concerning Mr. Tracy. It will also contain a statement that a current check of the files of this Bureau disclosed no additional pertinent information concerning him.

(3) Inasmuch as investigations for the Commission on Government Security normally include credit and criminal checks on immediate relatives and in a case such as this would also include a check of the records of the HCUA, it is recommended that the summary include a statement that no such checks have been made in connection with the investigation of Mr. Tracy.

COMMISSION ON GOVERNMENT SECURITY MILTOXXAIL

Stanley Tracy called me at home late last evening stating that Mickey Ladd and he had been in conference with Lloyd Wright, Dean Coffman, Professor Edwards, Director of Research Hollows of the Commission, Bob Collier, John Dardin who is Senator Stennis! man, City Solicitor Liberman of St. Louis who will become General Counsel. Coffman and Liberman will be in town only about once a month. Ladd will he, Washington Director of the Staff under Dean Coffman, Collier will be Associate under Liberman and Tracy will help Collier. The Commission has made arrangements with the General Accounting Office of the Civil Service Commission for Ladd and Tracy to go on the payroll without affecting their retirement; however, they plan to go to Civil Service Commission today to personally check on the matter. Professor Edwards, Director of Research, will come to Washington only periodically until after June 1. Then he will go on the Staff full time.

Liberman is going back to Florida on Wednesday and will be back on March 15 to devote full time to the Staff. It was agreed yesterday that there would be no public hearings, that the Commission would not deal with individual cases but would deal essentially with procedural matters. Wright stated that the leaders of both the Democratic and Republican Parties do not want the Commission to go into public hearings until after the election and those in session yesterday agreed that there probably would be no need for public hearings at all.

The problem of liaison with the Executive branch of the Government was discussed at great length and Loyd Wright is going to the White House to pay his respects today and endeavor to work out some way whereby the Commission can get access to the information they will need. Wright will also contact all members of the Cabinetihe has not previously met this week. Tracy and Ladd state that they want to come by the Bureau in the next day or two and pay their respects to the Director. RECORDED - 34

MEMORANDUM FOR MR. TOLSON MR. NICHOLS

On Thursday, March 15, 1956, I saw former Assistant Directors Ladd and Tracy, who called to pay their respects and generally bring me up to date on the new work upon which they have embarked with the Wright Commission looking into the Government Employment Security Program.

I pointed out to both Mr. Ladd and Mr. Tracy that I had had a visit from Mr. Wright some weeks ago and that Mr. Wright had sought both the formal and informal cooperation of this Bureau and I had informed Mr. Wright he would receive the fullest cooperation to the extent which the law required us to give it to him, but beyond that I did not intend to inject myself into the operations of the Wright Commission with any observations or suggestions. I stated that I predicated my attitude in this matter upon the hostility shown toward the FBI by Congressman Walter, a member of the Wright Commission, when it was first formed.

Very truly yours.

John Edgar Hoover
Director

Office Memorandum · UNITED STATES GOVERN DATE: 2-29-56 Mr. Tolson / Ŋ L. B. Nich FROM COMMISSION ON GOVERNMENT SECURITY SUBJECT: I missed Messrs. Ladd and Tracy when they were in the Bureau on Monday and Tuesday. I talked to Ladd late Tuesday evening and both Tracy and he came by to see me on 2-29-56. They Gendy said that Deam Coffman has been appointed as Executive Director of the staff. Both Tracy and Ladd are favorably impressed with him. They say he is very sharp, thinks clearly on security matters, he is solid and he can be of great influence for good with the Commission; however, he does not contemplate spending too much time in Washington. Ladd has signed up as Administrative Director at \$15,000 per year. Tracy has signed up as Counsel at \$15,000 per year. Ladd will onter on duty on March 15 and Tracy will enter on duty March 1. Ladd was a little concerned about Stennis' man Dardin until he had a lengthy discussion with him last evening. He now feels that Dardin will have a good attitude and viewpoint. Ladd asked that his regrets be extended to the Director at not having had the opportunity to say hello. I pointed out to both Ladd and Tracy last evening and this morning the heavy schedule which the Director has had. The Director might wish to send them the attached letters. 6/20/56

MR. NICHOLS:

Commissio ON GOLERADE A Securiti

. Tom Donegan called from New York while you were out Miss Gandy on 6/19/56, advising that Stanley Tracy gave a cocktail party at his house for the staff of the Commission. The only outsiders R there were Tompkins of the Department, Tom Naughten and Donegan. Loyd Wright was in attendance and the significant thing Donegan stated was Wright's advice that while the rest of the Commission did not go along with him on authorizing an interim report be submitted that he had decided that there would be no interim report. Donegan stated Wright was in New York on 6/19/56, and was leaving for Europe today and would not return until September and Donegan inquired as to just what the situation would be if some of the Commissioners got out of line while he was away and Wright stated that Ladd would take care of that.

Donegan also advised that Wright indicated the staff would be increased to approximately 65 persons and Wright also indicated that at the first meeting of the Commission there was some dissension and apparently Wright was in a talkative mood as he indicated some of the dissension stemmed from McGranery and that also Humphry was critical, however, Wright is optomistic as to the future of the Commission and was going to give subcommittee assignments to some of the Commissioners including the woman Commissioner but the nature of these assignments Donegan did not know: He said he would try to find this out when the is back in Washington on Thursday of this week. Donegan asked that the items mentioned herein be kept restricted in the Bureau and there was no need to advise Rogers or the Attorney General as Tompkins was present and standing along side of Wright and Donegan and has the same information regarding the interim report. Tompkins advised Donegan that there was no need to advise Brownell or Rogers as he, Tompkins, would take care of the matter. Donegan also indicated that Wright stated that Cain, Carroll and Allen Dulles had been before the Commission and that Cain was not too emotional and that apparently the Commission was impressed by these persons' statements before the Commission.

May 24, 1956

MEMORANDUM

With reference to public research projects for the Criminal Law Section of American Bar Association, there are set out below a number of suggestions. It is realized that the current survey of the Administration of Criminal Justice in the United States, being conducted by the American Bar Foundation, may encompass some of these suggested projects. Certain other items have been discussed previously as matters which might be researched by the Criminal Law Section.

A. JUVENILE DELINQUENCY

- 1. During 1955 the arrests of young persons under 18 increased 11.4% in 1,162 cities. Of the arrests for major crimes in 1,477 cities, 42.3% were of persons under 18. Of all persons arrested for auto theft, 62.2% were under the age of 18.
- 2: No uniform pattern exists throughout the states as to who is to be considered a juvenile, how a juvenile offender is to be handled or as to the extent of punishment to be accorded.
- 3. The need for juvenile aide bureaus in local police departments and for fewer restrictions on police in the handling of juvenile offenders.
- 4. Laws as to the fingerprinting of juveniles are far from uniform; in some local jurisdictions it is forbidden; in others, the juvenile may be fingerprinted only when arrested for certain offenses or only after a stipulated number of arrests.

B. STATUTE OF LIMITATIONS OR LIMITATIONS OF ACTIONS IN CRIMINAL CASES

Limitations of the time within which prosecutions may be commenced has long been favored. There is need for re-examination of the statutes governing this since too often they serve to protect the guilty.

C. SELF-INCRIMINATION

1. A study should be made of the rules against compelling selfincrimination to determine what was intended to be regarded as compulsion and whether the protection has been carried too far.

ENCLOSURE 94-1-369-7:1

•

THE LAW ON SEARCH INCIDENTAL TO ARREST

- 1. The meaning of "strictly evidentiary material" is not clear in all jurisdictions and interpretations are not uniform; general rule is that such material cannot be seized in a search incidental to an arrest.
- 2. Jurisdiction of police to search beyond area occupied by person arrested.
- 3. Right of police to continue search after finding "fruit of the crime."

E. EDUCATION OF PUBLIC AND POLICE ON RESPONSIBILITIES AND CONDUCT AS WITNESSES

- 1. Need for such education to assure fair administration of criminal justice.
- 2. Conducting of public forums to educate general public.
- 3. Issuance of pamphlets containing instruction on the subject for distribution to the public.

F. SURVEY OF LAW ENFORCEMENT

- 1. Salary scales and adequacy of personnel.
- 2. Training standards and facilities.
- 3. Equipment including vehicles, weapons and tools of scientific crime detection.
- 4. Political shackles placed upon law enforcement agencies; in recruitment, promotions and actual enforcement of the law.
- 5. Funds available for salary, recruitment, training, equipment and promotions.

G. MENTAL ILLNESS AND CRIME

- 1. Analysis of laws relating to offenders who are mentally ill.
- 2. Legislation providing for confinement, beyond the maximum period permitted by the law, for mentally or emotionally unstable criminals whose prognosis is such that further supervision and treatment are required before they can be returned to society.

3. Advisability of requiring that law enforcement agencies be notified by responsible authorities whenever a criminal who has a past history of mental or emotional instability is released in their jurisdictions.

H. SEX OFFENDERS

- 1. Analysis of the laws relating to sex offenders.
- 2. Need for requiring that these offenders not automatically be unleashed upon society at the expiration of their sentences, but that they be confined until treatment (both physical and mental) has prepared them for a safe return to society.
- 3. Need for requiring that released sex offenders register with law enforcement agencies in the vicinity of their homes and their jobs.

L GENERAL TECHNICALITIES IN THE LAW WHICH IMPEDE JUSTICE

- 1. Declaring search warrants, arrest warrants or indictments invalid because of minor errors of wording or because of typographical errors.
- 2. The entire area of privilege could well be reviewed particularly with respect to the husband-wife relationship.
- 3. Laws and court decisions concerning the validity of arrests made by officers who are not in uniform or who are using unmarked police cars.

J. LABOR RACKETEERING

- 1. Reluctance of Employers to cooperate in criminal prosecutions; reasons and remedy.
- 2. Effect on Public----increased building and living costs---lowering of moral standards.

K. JUVENILE COURT PROCEDURES

- 1. Need for Modernization.
- 2. Search for Most Effective Procedures.
 (Judge Gustav Schramm, Allegheny County, Pittsburgh, Pennsylvania, is considered an outstanding Juvenile Court Judge. He has developed

was a subject to the subject to the subject to the subject of the subject tof the subject to the subject to the subject to the subject to the

court procedures which have been studied by Jurists from Europe and Asia as well as by officials from other parts of this country.)

L. USE OF AMERICAN COURTS FOR PROPAGANDA BY COMMUNISTS

- 1. Study of past trials for evidence of deliberate use of Courts for propaganda purposes by American Communists.
- 2. Study of ways and means of preventing such use without denying pertinent Constitutional Rights of the individual.

ANTERIORISTICATION CONTRACTOR AND ANTERIOR ANTERIOR AND ANTERIOR ANTERIOR ANTERIOR ANTERIOR ANTERIOR ANTERIOR ANTERIOR ANTERIOR ANTERIOR ANTERIOR ANTERIOR ANTERIOR ANTERIOR ANTERIOR ANTERIOR ANTERIOR ANTERIOR ANTE

U. S. Employes' Gains
Over Last 10 Years
Listed by Murray

THE FEDERAL EMPLOYE, says Bep. Tom Murray (D. Tenni), has been given a "new look" that makes him the envy of his colleagues in private industry and other governments.

The gowerful chairman of the House Post Office & Civil Service Committee placed a statement in The Congressional Record in which he listed the employe gains made in the past 10 years. He said in part

"Today's employe has security in his job. He has had salary increases amounting to over 60 per cent. His retirement annuity has been directly increased by over 25 per cent with new and much more liberal provisions for his surviving widow and children.

"If he dies his beneficiaries receive a year's salary as a result of low cost life insurance. He has opportunity for both honorary and monetary awards up to \$23,000 for outstanding service or improvements in Government operations. He has protection against reduction in his salary in cases where his position has been downgraded as a result of reclassification.

"He has better opportunity for recognition of his qualifications and efforts through improved classification systems and promotion programs

"He has re-employment and priority placement rights in cases where he is separated due to reduction in force in his agency."

He has greatly improved appearing his through, better ments in the appeals procedure and system. Compensation for overtime, Sunday and holiday work has been greatly increased and standardized. His annual and sick leave privileges have been extended and improved.

a uniform this uniform is now furnished by way of an allowance. If his daty requires that he be bonded he no longer is required to furnish his own bend. In cases where a notary's commission is required authority has been granted to the department and agency to defray the expenses formetly paid by the employe.

"In my judgment," Murray concluded, "in no other employment, whether it be private or governmental," does the employe have as many benefits as he does in the Federal Govern-

These and other employe reforms over the past several years are impressive; STANLEY J. TRACY is cam-

STANLEY I. TRACY is campaigning for national president of the AFL's AFGE on a platform that calls for A 35-hour Yeek in Government, pay raises for Federal and District Government employes; restoration of 30 days annual and 15 days sick leave for all employes, and major medical and health insurance for employes.

JAMES A. CAMPBELL, a candidate for reelection as AFGE's national president, has urged the Democratic Party to include in its platform these promises: To protect and extend the merit system; a fair and non-political employed ovalty program; adequate pay raises for Federal employes, and promotions based on merit in Government.

CSC: Nicholas J. Oganovic will be appointed director of Civil Service's Denver regional office as of Sept. 1. He's assistant chief of the agency's Bureau of Departmental Operations here. Edmund S. Burrows, the Denver director for the past year, will return here to be chief of the Personnel Management Review Section.

JOBS: Civil Service has exams open for valuation engineers, \$4480 to \$7570, for openings in Interior's Bureau of Land Management Badio engineers, \$4480 to \$5335, in Federal Communications Geophysicists \$3670 to \$11,610, in Interior's Geological Survey. Simulated flight trainer repairers, \$2.72 an hour, apply at Bolling Air Force Base here Dorothy Jones is the first amploye at National Science to be given an incentive award.

LODGE FORTY-ONE BACKS

TRACY - OLDING

FOR AFGE NATIONAL PRESIDENT AND

SECRETARY - TREASURER

STANLEY J. TRACY

Candidate for National President

HENRIETTA E. OLDING

Candidate for National Secretary-Treasurer

SENT DIRECTOR

LODGE 41 BACKS TRACY— ING TICKET FOR AFGE NATIONAL PRESIDENT AND SECRETARY-TREASURER

A National Committee for the election of Stanley J. Tracy and Henrietta E. Olding has been formed and is actively campaigning for the election of Stanley J. Tracy as President and the re-election of Henrietta E. Olding as Secretary-Treasurer of the American Federation of Government Employees.

National Vice President Timothy J. Kelly, New York, John J. Smith, Philadelphia, and Charles F. Sharkey, Washington, are Co-Chairmen of the Committee.

National Vice President Sharkey has appointed a local committee in the Washington area with Joseph Agresto, Bureau of Employees Compensation Lodge 39, Christian H. Behnke, Navy Department Lodge 1, Colonel Stuart F. Frank, Veterans Administration Lodge 17, George Obata, National Housing Lodge 476, and W. H. Richardson, Health, Education, and Welfare Lodge 41, serving as Co-Chairmen.

In addition, the membership includes Richard Baische, General Services Lodge 1060, Joseph Foster and Kenneth Jenkins, Health, Education, and Welfare Lodge 41, Theodore Ward, Navy Department Lodge 1, Mrs. Evelyn Gliem, National Housing Lodge 476, Charles McDowell, Labor Lodge 12, and Warwick O'Neil, Veterans Administration Lodge 17.

HEW Lodge 41 had previously unanimously endorsed the candidacy for re-election of Henrietta E. Olding and authorized Lodge President Richardson to endorse the candidacy of Stanley J. Tracy when a formal announcement of his candidacy was made. Lodge 41 is proud to endorse and actively support the candidacy of two such outstanding persons to fill the most responsible positions of the American Federation of Government Employees. For the benefit of all members of the AFGE, we are glad to publish a biographical sketch of the candidates Lodge 41 feels are the best qualified to serve conscientiously and honestly the American Federation of Government Employees in the best interests of the Federation and not for personal prestige.

STANLEY J. TRACY, Associate Counsel, Commission on Government Security, Washington, D. C. Born in Ogden, Utah, September 11, 1900.

Mr. Tracy has long been identified with the Labor movement. Veteran of World War I

and was a Lt. Odr., USNR (Resigned) assigned to Naval Intelligence in World War II. Education: LLB degree, George Washington University Law School (1925).

While attending the University was employed in the Bureau of Labor Statistics, U.S. Department of Labor. During this employment, he engaged in many special studies in fields related to the Labor movement, including hours, wages, job analysis and classification, socioeconomic and cost-of-living studies. At the time of his resignation from the Bureau of Labor Statistics, he was Assistant Economist in charge of Industrial and Economic Law, and was co-author of the first labor law reference book published by the Department of Labor, entitled Labor Laws and Court Decisions (1925). This was an annotated analysis of all Labor Laws of the 48 States and their interpretation by Federal and State courts. Articles by him were published in the Monthly Labor Review.

After being admitted to the bar of the District of Columbia and the State of Utah he joined the Naturalization Service of the Department of Labor in Detroit, Michigan, where he handled the naturalization of aliens in Federal and State Courts from 1928 to 1932. Was an attorney with the Veterans Administration 1932-1933 at Salt Lake City, Utah.

Throughout his career he has maintained a continuing interest in Labor, and the Labor movement. He has been an active member of the American Federation of Government Employees since the middle 30's, and is presently a member of the Department of Justice Lodge. He was active in the fight against infiltration of the AFGE several years ago. He has attended most National Conventions of the AFGE since the Atlantic City Convention and has been Lodge President of Justice Lodge 334. In the past he has written editorials for the Government Standard and has written many AFGE and other scripts for radio and television.

Member of the Bar Association of the State of Utah and admitted to practice before the Supreme Court of the United States. For several years he has been Assistant Secretary of the Criminal Law Section of the American Bar Association and is also a member of the Labor Law Section.

Mr. Tracy was associated for 20 years with the Federal Bureau of Investigation, U.S. Department of Justice, of which he was an Assistant Director. Recently he directed a study on World Population Migrations at George Washington University which was published

in 1956, a study very vital to the American Labor force.

Mr. Tracy is active in civic affairs, a member of the Rotary International and other organizations, and is Vice President of the Foundation For American Research.

On March 1, 1956, he was selected as Associate Counsel of the Bipartisan Commission on Government Security, a legislative Commission to make a study of the many security programs of the Federal Government to insure fairness to employees the proper security of America.

Married, 3 children. Resides at College Park, Maryland.

HENRIETTA E. OLDING has had a varied, interesting and for a woman a somewhat unusual career.

In business she occupied a very responsible position as resident manager in full control of an extensive American industrial operation in a foreign country, having full power of attorney for the owners.

In Government she has filled many positions in the Internal Revenue Service including supervision for many years of a large technical division in New York City. This was the Office Audit Section consisting of some ninety Internal Revenue Agents (Investigative), all of whom are required to be professionally trained accountants. The members of this Unit dealt with the ablest accountants and attorneys of the largest corporations having headquarters in New York City. She had the distinction of being qualified for and occupying one of the highest grades in the Field Service of the Agency, and held the highest grade for a woman on the professional accounting staff of the Internal Revenue Service.

In the AFGE she is a charter member of Lodge No. 15 which was among the first group of Lodges receiving the AFGE charter from the American Federation of Labor in August, 1932. She was elected National Vice President for the Second AFGE District in 1935 and served continuously until elected National Secretary-Treasurer in 1953. Her record in the office of National Vice President was noteworthy for her success in organizing new lodges and holding and increasing the membership of existing lodges. During her term of office the membership in that district for a considerable period was the highest of all Field Districts.

Miss Olding was re-elected National Secretary-

Treasurer by the cago convention in 1954. Her performance of the duties in her present office is in keeping with her unusually fine background of training and experience and has been of the utmost benefit to the Federation.

Miss Olding's qualifications for the office of National Secretary-Treasurer are based on capability and honesty demonstrated over a long period of service in Government and private industry, in positions having professional requirements and administrative responsibility. A candidate for re-election, Henrietta Olding has an unmatched record of outstanding service to the AFGE and to the Labor movement.

DEPARTMENT OFFICIALS TO MEET WITH AFGE CONVENTION DELEGATES

At the suggestion of Lodge 41 officials, Secretary Folsom has arranged for this top staffito meet with the delegates from Health, Education, and Welfare Lodges who will be attending the Convention. Because of other (conventions, previous committments and wacations, some of the top officials will be absent but we are assured that those officials available will be happy to meet with our delegates and the time, place and date have been set-29:00 AM, Wednesday morning, August 29, in Room 5051 of the Health, Education, and Welfare Building. An 'invitation is also being extended to the heads of all operating agencies and bureaus of the Department to be present at this meeting. 'A meeting has also been arranged with the Director of Personnel and other Personnel officials for 4:30 PM, Monday, August 27, in Room G-755, Health, Education, tand Welfare Building.

SHARKEY TO INSTALL LODGE 41 OFFICERS

National Vice-President Charles F. Sharkey will be on hand August 2 at the regular Lodge meeting in Room G-751 to install the officers for the 1956-57 term of office.

At the July meeting the nominating committee recommended re-election of last year's officers; W. H. Richardson for President; Dorothea McMahon for 1st Vice-President; Catherine Harris for 2nd Vice-President; Barbara Washington for Secretary; Richard W. Bowman for Treasurer; and J. Carroll Wilson for Sergeant-at-arms.

LODGE 41 SUBMITS PROPOSED REVISIONS OF AFGE CONSTITUTION FOR ACTION BY THE CONVENTION IN AUGUST

Lodge 41 has submitted to the National Secretary-Treasurer two proposals for amendments to the National Constitution of the AFGE. One proposal is to require that names and addresses of all Lodge Presidents be furnished upon appropriate request to any AFGE Lodge president. The other proposal is to provide that no paid employee of AFGE can seek an elective office while so employed. The Resolutions as submitted are:

WHEREAS: Lodge Presidents on having desire to contact other Lodges within their own District or other Districts for the purpose of communication; and

WHEREAS: Presidents of Lodges are unable to secure this information from the National. Office of the AFGE because of Constitutional restrictions:

NOW THEREFORE BE IT RESOLVED that Article XII, Section 8 read as follows: On April first of each year, the National Secretary-Treasurer shall prepare a roster listing the names and addresses of all Lodge Presidents and Secretaries and field of membership of the Lodges of the American Federation of Government Employees in the United States and Territories and Foreign countries. A copy of such roster shall be furnished, on request, to the President of any Lodge in good standing.

WHEREAS: A paid employee of the National Office of the American Federation of Government Employees is an announced candidate for the elective office of National Secretary-Treasurer of the AFGE, and; WHEREAS: The candidacy of a paid employee for elective office raises questions as to whether his activities are concerned with his paid employment or with his candidacy for elective office; and WHEREAS: A paid employee has a special advantage in running for elective office because of the nature of his position; and WHEREAS: The candidacy of a paid employee for elective office confuses the proper administrative relationship of employees and elective NOW THEREFORE BE IT RESOLVED that Article VII of the National Constitution be

amended by adding a Section 8 as follows: No

paid employee of the American Federation of

Government Employees may be a candidate for any elective office within the AFGE while remaining on the pay roll of the AFGE.

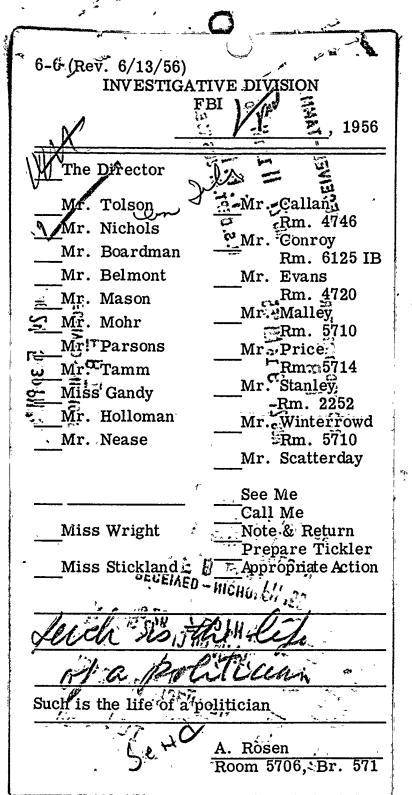

LODGE 41 STILL OPPOSES A RAISE IN NATIONAL AFGE DUES

As reported in the last issue of THE FORTY-ONER, we are still opposed to a raise in the National AFGE dues as proposed by President Campbell and a few others. Lodge 41's position remains the same, that is, we feel that no effort should be made to raise the dues until there is a definite showing that there is adequate need for a raise and that current income is being utilized to the best possible extent.

Since our last issue appeared Lodge 41 President has received a call from a member of the staff of the National AFGE office taking exception to our stand on the proposal and stating that a raise in dues was necessary or "perhaps a certain paid employee could not continue employment there. It would seem that this is an example of why a raise in dues is not necessary when the paid staff take time out to attempt to educate the membership of the necessity of dues raises rather than do the job for which he was hired. Also another paid employee has been designated to handle the sales of Convention Banquet tickets to Lodges in the Washington area when he should be out organizing AFGE Lodges in the area and helping to get new members. This same organizer has been requested on at least two occasions to contact individuals in a HEW installation in Washington to help in organizing an AFGE local there. We don't think he has honored this request. There is also another organizer who is regularly assigned to another District who has been brought to the Washington office of AFGE, against the advice of a majority of the Executive Council. Can't say exactly what he is doing here. Sure hope he is being trained to go back to his-District and organize a new AFGE Lodge in every Government installation in the District and strengthen the lodges already there.

Then also we have in our National office a paid staff member who denies he is a candidate for a National elective position but he appears to be campaigning "on company time."

There's no use prolonging the agony folks. When we know that additional money is needed Health, Education, and Welfare Lodge 41, AFGE will be among the first to campaign for a raise in the dues to provide the services we all want and feel that we are entitled to as dues paying members and which we feel we are not now getting.

Campbell, who is being eral employes, declaring that the opposed for re-election by present system of allowing su-Stanley Tracy, charged that Mr. pervisors to be the final judges Tracy, while an assistant direction of the promotions has resulted in the of the PIL refused to let the of promotions has resulted in tor of the FBI, refused to let the personal favoritism and patron- AFGE organize in the office l age. The AFGE convention is which he supervised.

council action.

Legislation Forecast

Legislation to this effect was her delegates." Legislation to this effect was Mr. Tracy's supporters con-introduced in the past Congress Continued on Page A-2, Col. 1 by Chairman Johnston of the Senate Civil Service Committee and Senator Johnston told the convention yesterday that his group would act favorably on such a bill next year.

Mr. Lawton disagreed with such an approach. He told the AFGE delegates:

"Such a proposal fails to recognize the fact that some agencies are operating very fine promotion systems."

The CSC official acknowledged that considerable improvements can be made in the promotion systems in many agencies and said the commission is now preparing to make suitable recom-mendations to agencies to improve the promotion program.

However, he declared that any standardized procedure such as merit promotion and strict reliance on written exams for promotions would not work out.

Cites Human Element

"There are elements of job capabilities that cannot be measured by any formula that measured by any formula that refuses to recognize that the person being considered for promotion is a human being but mateat easts him in the role of a machine whose output ability and potential can be totally and account of some but totally and second by purely

THE TRACY-CAMPBELL RACE FOR THE PRESIDENCY:

As you know. Mr. Tracy has been active in the AFGE many years and about two months ago a certain group urged that he run for the presidency. He was running against the incumbent Mr. James A Campbell, who has been the head for recident of american Federation of Germania the past 5 years.

The Campbell forces attacked Tracy on the basis of (1) That he property had not been active in AFGE affairs, particularly since his retirement, and by Oulce innuendo that he had not been overactive prior to that time; (2) That Tracy, while an official of the FBI, would not permit the AFGE to organize in the sections over which he had control. The charges are set forth in Exhibit #1 (Washington Star, August 29, 1956).

This attack was further implemented by a leaflet (Exhibit #2) which stated Tracy had never held office in the Federation with an exception of a brief period when he served as temporary president of Lodge 334 (Justice). Leaflet also stated he had never been a delegate to an AFGE convention. (Both these points were untrue in that he was president of the lodge and served as delegate to several conventions.) They characterized Tracy's candidacy as an "insult to the intelligence of the Delegates."

RECORDED -77 62 - 43712- 1/8 Tracy answered this with a retraction which was a copy of the column of Joseph Young of the Washington Star, August So. 1/4 (Exhibit #3) In this, Tracy denounces the charge that he had refused to let the AFGE organize in his office while in the FBI by stating that the incident occurred in the 30's when the Department of Justice, because of picketing by a left-wing AFGE group/ had barred outside speakers. The retraction continues: "As a subordinate, Mr. Tracy said, he was obliged to follow this order. The left-wing group was subsequently expelled by the national AFGE, which as part of its constitution bars strikes or picketing by its members." members." JUME?

August 31, 1956

Memorandum to Mr. Nichols

The election was a close one, Tracy missing only by about 3,000 votes out of 40,000. Tracy told SA Medler following the election that he was very much pleased with his showing and implied that he would venture into the campaign for the presidency in another two years. (Clipping concerning election attached, Exhibit #4.)

OTHER ITEMS OF INTEREST DURING THE CONVENTION:

Speech by Olin Johnston:

There is attached a summary of daily proceedings (Exhibit #5) for August 28, 1956, which includes the pertinent portion of Senator Olin D. Johnston's talk at the convention. It is noted that he emphasizes again the "Establishment of a fair and nonpolitical loyalty program." It is believed that pressure in this direction, together, with the recent Supreme Court decision, could greatly affect the Bureau's name check program.

Speech by Congressman George M. Rhodes of Pennsylvania:

Rhodes spoke at the banquet on the night of August 28. He read a campaign speech in which he emphasized that he was a liberal and as such was critical of the entire security program as it affected Government employees. He made no mention of the Bureau.

CONCLUSION:

The various sessions were attended by Delegate Medler and Alternate Cleaver and Kemper of Crime Records. They covered those speakers and programs wherein they felt there might be statements concerning the Bureau or the security program. No mention of the Bureau was made and generally speaking the convention confined itself to the general welfare of Government employees, including possible pay increase and praise for the recently passed retirement benefits.

THE HISTORY OF AN INSTITUTION

DESPECTED IN THE UNITED STATES

and admired in the whole world

As an important service of public interest, we other publication today in "DIARIO LAS AMERICAS", our Spanish section, of a series of articles on the history, functioning and jurisdiction of the Federal Eureau of Investigation, of the United States of America, institution which the people of this country respect and the whole world admires.

This Federal Bureau of Investigation is respected by the people of the United States because they see in it a scientific organization at the service of justice and the security of the citizens and of the Republic. The honest citizen knows he has nothing to fear from the F. B. I. and that, on the other hand, has much to be grateful for, because of its zeal for the banefit of social tranquility, of national peace and order in all their manifestations.

This institution, universally known as the F.B.I. (Federal Bureau of Investigation) is admired in the whole world because the scientists, dedicated to investigations in all the progressive countries between that the F.B.I. functions with extraordinary precision and a high sense of responsibility.

North-American ritizen, Mr. John Addar Roover, to have been the first Director and organizer of this protificus Federal Agency of Investigation, as it functions now and he still heads which merits, for the efficiency and honorability, the respect and sufficiency of the people of the United States and the communication of the whole world.

The American Daily Miami Springs, Ficrida January 20, 1957

EL FBI Y SU JURISDICCION

ORIGEN DEL F.B.I.

La historia de la Oficina Federal de Investigaciones IF.B.I.—

remonta al año 1938, en que el catances Procurador General,
Charles J. Bonaparie, dictamino que las lavestigaciones del Deparlemento de Justicio fueben llevados a cabo por un pequeño grupo

do investigadores copeciales. Este primer cuerpo oficial del F.B.I.,
conocido entonces como Oficina de Investigaciones, se componia de
Rucce agentes secrotos, empleodos del Departamento de Hacienda,

más otros veinte y cinco investigadores.

Elo organización fue craciendo gradulmento en los años sucoives. La aprobación en 1818 de la Ley de Trata de Blancas,
conseida por "Mann Act", hije que se estandiera lo jurisdicción des
cale Agencio Federal pora enginarse de los crimenes inferestatales.
Animismo se aumentaron anticmos sus responsabilidades al aprolorgo il Ley de Espionajúnico de jurio de 1917, la cuál dio
podera al F.B.I. para investigar los actividades de espionaje a
din de impedir se flevaran a cabolidos planes de agentes extranjeros
compeñados en destruir la aggindad de la Nación; y la Ley de
Gabotaje del 20 de abril de 1818, la cual dispone que sea castigada
la destrucción o daños malicipos la propiedad, sea cual fuere la
importancia de la misma paro la defensa nacional. En 1919 el
Congreso de los Estados Unidos aprobó la Ley de Robo de Vehiculos
(añora conocida como Ley de Transporte Interestatal de Vehiculos
Bobodos) cod el fin de castigar el traslado de automóviles de un
cotado a otro, añadiendose con esta ley mayores responsabilidades
of F. B. I.

En ous comienzos, la Oficina de Investigaciones era una agencia decorganizada y dirigida más bien sin grandes restricciones o disciplina. Los oficinas de Washington oficicion muy poco control sobre los agentes regioneles y no existion normes fijas de adiestramiento e sobre conducta personal a observarse.

En 1924, et ya fallecido Jues de la Corte Suprema, Harian Fiske Utone: quien entprices servia como Ryccurador General, nombro al cañor J. Edgar Honyer, de 29 años de odod, al cargo de director do la Calston Fodoral de Invostigueisaco.

Opear Stanley:

I appreciate your note of January 25, 1957, concerning the series of articles on the Bureau which is currently appearing in "The Americas Daily."

Through the Miami Office, we made available the material necessary for these articles which had been requested by Mr. Horacio Aguirre, Vice President of the paper; however, the clippings you furnished were the first I have seen regarding the series. I appreciate your making them available. We were happy to cooperate with the Aguirre brothers in this matter.

Sincerely,

J. Edgar Poover

Mr. J. Edgar Hoover Director, Federal Bureau of Investigation Washington 25, D. C.

Dear Mr. Hoover:

Stanley J. Tracy Milton Wald

I am enclosing a clipping from the New York Times book review of March 10 with reference to Theodore Draper's book on communism. Mickey and I have discussed on several oc-- casions over the past several years the need for an authoritative, scholarly work on communism, and with the advent of Draper's book, financed by the Fund for the Republic, it seems to me it is imperative that a book be published by an authority in whom the American Mpublic can have confidence.

I was very sorry to have missed the dinner last week. However, I was not feeling up to it that particular evening.

With best personal regards, I am

Sincerely yours,

Stanley (Tracy)

Which Way for Germany?

A WATCHER ON THE RHINE: An Appraisal of Germany Today. By Brian Connell, 320 pp. New York: William Morrow & Co. \$4.

BY THEODORE H. WHITE

BRIAN CONNELL'S "A
Watcher on the Rhine" is
a quick—but none the less serious—study of that nightmare
subject of Western politics: the
strange people of Germany and the curious government they es-tablished in the ruins of postwar Europe. To this study, Brian Connell, a British journalist, brings unusual intelligence, a gay style and a tortured perplexity of emotions.

Mr. Connell is animated, on the one hand, by a quite total dislike of Germans as people. Of them, as a group, he says: "They are either stone-cold sober or roaring drunk, their silent moments either suffused with melancholy or indicative of frustrated fury." As individuals, he records, "I have yet to see a man give up his place in abus or tram to an older woman, or a simple gesture of assistance to elderly people humping lug-

Mr. White is the author of "Fire in the Ashes," a book about Europe at mid-century. He received the Overseas Press

gage across a railway station."
Of their historic personality he writes, "It is not the inert heaviness of lead, but the menacing quiescence of neat sulphuric acid. Confined in a glass carboy it is harmless, but once released uncontrolled, it burns and rav-ages everything in its path."

On the other hand, Mr. ConObligation _____

THE unpleasant fact is

that the Western world finds itself under the moral

obligation of keeping Germany prosperous * * *. We

have to take the calculated

risk of giving this turbulent

and unbalanced nation an op-

portunity of finding equilibrium. It will be a long and touchy process, but the plain fact is that we have no other choice.—"A Watcher on the

of German ruins, of the Ruhr

baronage, of the deceptive tran-quility of Bonn,

There are fine, long stretches

of entirely fresh research and investigation and a host of other

valuable contributions such as his portraits of such repulsive

characters as Mr. Pieck and Red Hilda Benjamin of Communist East Germany; his detailed and powerful narrative of the Rus-

sian effort to establish contact with the old Wehrmacht aristoc-

racy and the menace hidden therein; his deft profile of Kon-

rad Adenauer, the best yet; and his notes on Reinhard Gehlen,

chief of German anti-Russian intelligence and, since the war,

the favorite of American under-

W HAT Mr. Connell's book

lacks is perhaps too much to ask of any book that takes Ger-

many seriously: the quality of compassion. For what has hap-pened in Germany in the last fifty years has been a wrenching and rending and tearing

apart of every gentle relation-ship. The well-born have been humbled, the genteel have been

made poor, the poor homeless,

and no one for a generation has felt able to rely with certainty

on the trust, stability or confidence of anyone else. Out of the

chronic turbulence of Germany

has come this compulsive Ger-

man desire for security, for strength, for certainty. Hitler

gave it to the Germans to their.

destruction and our sorrow. In the post-war era this stability

and strength have been provided

by Adenauer's personality, principally, and, behind him, by the

strength, purposes and aims of

had already begun to pay Hitler for his assault on the Versailles

Treaty. Twelve years after the

second-which is now-a pros-

perous Germany seems pro-foundly urged from within into

a new European Union. Since

diplomacy cannot keep a strong

people forever on a delinquency probation, our policy makers must act on the basis of

the evidence, which presently

weights hope more than fear.

Although Mr. Connell says none of this, it is the touchstone

of his fine reporting that, while

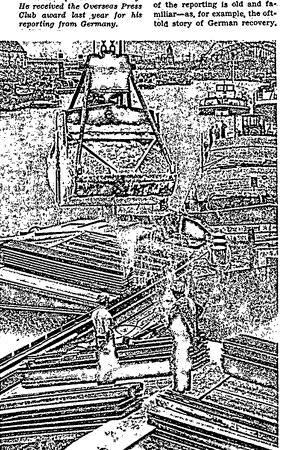

fear outweighs hope in his consideration of Germany, he scrupulously presents the evidence for both hope and fear.

American diplomacy, Twelve years after the first war-in 1930-the Ruhr barons

cover agencies.

nell discharges the responsibility of an honest reporter who re-cords—as all men must who write of post-war Germany that these same Germans have established and maintained since established and maintained since the war one of the most enlight-ened governments of their long history, that they have ordered their internal affairs with fun-damental fairness and great courage, that they seem genu-inely unwilling at the moment to risk the fruits of their labor and effort on the same mad adventures which all through this century have wet us with tears and blood.

The contrast of this eminently decent post-war German record with the earlier monstrous furies, is treated by Mr. Connell without any major attempt at punditry but simply with a sharp, factual observer's story of the years since 1945. Much of the reporting is old and fa-

Shipping on the Rhine, at Duisburg.

On the Party Line

THE ROO'S OF AMERICAN COM-MUNISM. By Theodore Draper. Illustrated. 498 pp. New York: The Viting Press. \$6.75.

By ARTHUR M. SCHLESINGER Jr.

By ARTHUR M. SCHLESINGER Jr.

It speaks poorly for our nation that we have been in a major furor about domestic communism for a decade (and in a spasmodio minor furor since 1919) without at any point producing a sober, responsible, professional history of the American Communist party. The Communists themselves have contributed various works of plety. tributed various works of piety. all of which bear only a coi cidental relationship to the facts; there have been non-Communist accounts, some more reliable than others, of specific aspects of the American movement; and Congressional investigations, autobiographical reminiscences and the like have disclosed fragments of the story. But not until Theodore Draper's admirable new book, "The Roots of American Communism," the first_of_a_multi-volume_history of the American party, have we had a systematic effort to weave all aspects—doctrinal, organizational, personal—into a coherent critical narrative.

Mr. Draper, whose work is part of the Study of Communications of the

nist Influence in American Life sponsored by the Fund for the Republic, has done a careful and exhaustive job, He has read the public records in the field. He has unearthed obscure and forgotten publications. He has held long interviews with such former Communist leaders as Earl Browder, Jay Lovestone, James P. Cannon, Bertram D. Wolfe and Max Bedacht, He has unraveled the knotted threads of factionalism in the movement with exemplary patience. And he has presented the story with clarity, insight and objec-tivity. His own one-time participation in the Communist movement has not in his case, as in so many others, destroyed his capacity for historical dis-crimination, while at the same time it obviously gives him in many areas a special feel and expertness.

HE present volume covers the period from the first impact of the Russian Revolution on the American Left to the emergence of a united and open Communist party. In effect it is the tale of the corruption of a part of the American Left by the mixture of dream and power embodied in the Soviet Union. Mr. Draper shows how the Bolshevik revolution came to a portion of what he calls "the historic Left" in the United States as a fulfillment of an-cient hopes. He then describes how the resulting political formations were transferred from authentic expressions of American radicalism into "the American appendage of a Russian revolutionary power"—a process

Mr. Schlesinger, Professor of History at Harvard, is the author of "The Crisis of the Old Order, 1919-1933."

completed when Moscow reorganized the American party in 1923.

Many of the events of this period have a comic aspect—the plurality of parties competing for the Communist name and for Moscow approval; the fan-tasies of revolutionary clandes-tinity; the agents of the De-partment of Justice, outrevolutionizing the revolution in their zeal to justify their assign-ments; the warfare waged by rival Communist factions by rival Communist factions against each other, far more vicious than that waged by either against the existing order, Mr. Draper is well aware how much of all this was makebelieve; but he explores the largely uncharted sectarian wilderness with good humor and emerges with as good a picture of the American Communist world in its infancy as we are ever likely to have. ever likely to have.

One of his special contribu-tions is the new light he throws upon the role of Louis C. Fra-ina, better known to a later generation as Lewis Corey, Fra-ina emerges from Mr. Draper's account as perhaps the most influential figure in the first period of American communism. Mr. Draper does not quite render wholly comprehensible the reasons for Fraina's abrupt downfall as a Communist lead-er, but he does clear up the slanderous stories the Commu-nists spread about him; and he relates with sympathy Fraina's reappearance as Lewis Corey and his later career as a Marxist and then as a liberal.

GAINST Fraina Mr. Draper poises the other dominating personality in the first days of American communism — John Reed, He draws a vivid picture of Reed and contributes a careful analysis of the vexed question of Reed's alleged disillu-sionment with the Soviet Union. This use of personal sketches as a means of getting at larger as a means of getting at larger issues increases the readability of Mr. Draper's book and en-larges one's understanding of the human dimensions of American communism.

By 1923, it becomes evident, American communism was finished as a native movement. finished as a native movement. Its future would thereafter hang upon the fortunes of the Soviet Union. When, in the age of capitalist, breakdown in the early Thirties, only the Soviet Union claimed to be solving the economic problem anonly the Soviet Union claims to be afforder problem. to be offering resolute oppo-tion to fascism, then the Ar ican Communist party hr great opportunity. In Pursuit of Beauty

SWINGER OF BIRCHES: A Per-trait of Robert Frost. By Sidney Cox, with an introduction by Rob-art Frost. New York: New York University Press, \$3.75.

By RANDALL JARRELL

Usiversty Frees. \$3.7K.

By RANDALL JARREIL

THIS is' an old friend's portrait's content is quotations, paraphrases, anecdotes, praise: its form is a guided tour's, a trudging from beauty to beauty, Frost's says, "Lyrics ought to be dramatic. A poem ought to be something going on"—and so ought such a book as this.

Frost's introduction (to a book he's "just stolen a look" over the edge of) speaks of his dead friend Sidney Cox with affection, calls him "a great teacher;" but he cannot resist remembering how, "very teasably young" Cox was at their first meeting: "It wasn't the last time he had to make allowances for me. He worked at it devotedly. " "He seemed worried' at first lest it should appear I didn't seek him as much as he sought me. He respected me very highly, And he was more serious about such things than I." Cox knew respected me very highly. And he was more serious about such things than I." Cox knew this; he tells you, soberly, himself uninfected, that Frost "thought of poetry—and behaved, sometimes, as if he thought of life—as a prank"; and he quotes Frost about "play for mortal stakes," but doesn't mention his last awing word on play, "Directive."

It is satisfying to be given so many of the metaphors, prejudices, and discoveries of the best-poet alive. Different things; I particularly like what Frost says about the need for

Frost says about the need for "doubleness," for "form that falsifies no ambiguities." On meeting and providing for am-

By WAITER ALLEN

FRANK SWINNERTON describes his new book as "a cotonto to changes in English literary fashion between 1900 and 1917." His models are the great anecdotalists, Boswell, Hazlitt, Haydon, Crabb Robinson. He has written not liters.

Well for the first time and, a few years later, had his first encounter with Chesterton, who drove up to the office one evening after it was closed, with the great anecdotalists, Boswell, the Everyman "David Coppersion. He has written not liters" "Martin Chuzzlewit":

"While Description of the variety of the Everyman "David Coppersion."

the Everyman "David Copperfield" or "Martin Chuzzlewit":

"While, because I could not
pay cash for it, he refused to
leave his manuscript " " his
manner was the reverse of
harsh. It was that of one who
thought he and I were engaged
in an 'unfortunate but risible
non-transaction, and was both
friendly and amusting. I suspect that having worked in two
publishing offices and for a
number of unremumerative papers he had developed a preference for ready-money transactions; but in this he did injustice to Dent's problity, whichthough not his generosity—was
model."

So Frank Swinnerton com-

So Frank Swinnerton com-poses his picture of British liter-ary life from 1900 to 1917; but not simply through his ary life from 1800 to 1917; but not simply through his memories of the writers we mainly remember today. The smaller men, forgotten now, but important in their time, the magazine editors, the reviewers and the critics, who made the literary opinion of the age, are also there, and some of the best pages in the book are about them, men like Edmund Cosse, Clement K, Shorter and the 'scholars Churton Collins and W. P. Ker. and W. P. Ker.

A N example of such Swinner-ton sketches is the assessment A Nexample or such Swinner-ton sketches is the assessment of Andrew Lang, best known as a translator and as a com-piler of fairy tales: "I hate cruelty," said Lang; and of the contents of his many-hued fairy books, I never put a wicked stepmother in a barrel and send her tobogganing down a hill."

* * Lang once said he thought * * Lang once said ne thought he could have been a great anthropologist. My belief is that he had not quite the cour-age to be great in anything. He had fancy, but not imagina-

tion."

And of the poet and scholar
Austin Dobson: "He wasted not a syllable in anything he wrote; crept like a wren in the.

Frent Sw

thicket of contemporary allusions, afterward making their meaning clear to the least informed, Similarly he crept into the Dent showroom, not timidly, but because he was altogether a quiet and unobtrusive person.

* You could not imagine Dobson angry, or inspired, or impatient: he seemed born for tranquillity. That is what one would imagine, also, from the unambitious restraint of both his poetry, which Browning. likened to carved cherry stones, and his prose, which Dobson himself described as resulting-from constant application to limited areas."

It is through the minor and thicket of contemporary allu-

from 'constant application to .limited areas'."

It is through the minor and now often minuscule figures. that Swinnerton most successfully brings his period to life, no doubt because the bigger men he deals with, from James to D. H. Lawrence, are familiar to us through scores of other men's books and articles as well as their own writings. But as ever he is excellent on his two great friends and heroes, Arnold Bennett and H. G. Wells; and he writes all the time with a demureness that is a most effective foil to the feline in his style and with a sharpness of perception that goes hand in hand with an engaging modesty. gaging modesty.

-Robert Frost at his fame in Ripton Vt.

Mr. Hoover: A book by you is necessary.

fice Memorandum UNITED STATES GOVERNMENT DATE: May 24, 1957 Tolson L. B. Nichol's COMMISSION ON GOVERNMENT SECURITY b6 b7C Room came in to see me on the afternoon of May 22. I had not seen him for a year or so. He had been attending the meeting at the Commission on Government Security as a member of the Advisory Committee. He told me be had been rather interested in attending the sessions. He stated he had been very favorably impressed with the manner in which Mickey Ladd had handled himself. He stated Mickey had presented to the group the work of the DC Commission and their findings. His presentation was excellent. He had an understanding of all ramifications of the problem. He had the answer at his fingertips, whereas others, including Loyd Wright, tended to pontificate D.C. On the whole, he thought the Commission's recommendations were sound and would be supported with two or three exceptions. The one which made the biggest impression on him was a recommendation by the Commission that, whenever a foreign country refuses to accept its nationals deported from the United States, then the borders of this country should be closed to all visitors of such a country. He stated some very sound people felt this would do more harm than good and he was inclined to go along with them. I inquired whether there was much evidence of controversy. He stated there was some honest objection but he could not say a real controversy developed. He was very high in his praise of Mr. Ladd and pointed out that the Commission was fortunate indeed to have Mickey Ladd handling the staff. He thought the Bureau was very smart in getting both Mickey and Tracy on the Commission staff. I told him we had not done this; that, as a matter of fact, both Mickey and Tracychad retired and we had declined to make any recommendations to the Commission although the chairman had requested such recommendation NDEXED 62 - 101916 - 32 b6 b7C I inquired a Boots He is hoping for the best but They rets at not being is not in good shape. September 21,1957

Mr. Jack anderson
The Washington Herry-Go-Round
1313 - 29th Street NW
Washington 7, D C

Dear Jack:

I read the August 20,1957 column of Mr. Pearson, as it appeared in the Washington Post and Times Herald newspaper. In this column very damaging remarks are made concerning Mr. J. Edgar Hoover, Director of the Federal Bureau of Investigation. As you personally know, prior to my retirement from the Federal service in 1954, I was an Assistant Director of the FBI for over 12 years and prior to that was in charge of Mr. Hoover's personal office for 7 years. I feel some responsibility therefore, to give you a few facts which I hope will set the record straight.

The column referred to begins by stating that J. Edgar Hoover has been putting the heat on both houses of Congress to pass the Bill to reverse the Supreme Court in the Jencks case. It continues that, "This is the second time Hoover has stepped out of his nonpolitical role... the previous time having been his public political appearance with Attorney General Brownell to smear ex-President Truman in the Harry Dexter White case."

Mr. Pearson's use of the word "smear" is particularly uncalled for and unjustified by the facts of the situation. I would, in fact, be far more justified in claiming that Mr. Pearson is smearing Mr. Hoover. Consider these facts:

On November 17,1953, Hr. Hoover appeared before the Senate Sub-Committee to Investigate the Administration of the Internal Security Act and other Internal Security Laws of the Committee on the Judiciary. In explaining the reason why Mr. Hoover was called to appear, Chairman Jenner stated:

"....we have requested Hr. Hoover to be here. We have made this request to the Attorney General....."

Certainly this language indicates Mr. Hoover's presence was necessitated by discussiones beyond his or the FBI's control. Further a reading of the hearings will disclose that Mr. Hoover gave only factual testimony which was entirely devoid of malice toward smyone,

94-8-350-900 ENCLOSURE In addition to the printed hearings, another document is of interest and pertinent, Don Whitchead's recent book, "The FBI Story." Remember that his will the had access to original documents and he quoted from the documents, not from some faceless close friends of Mr. Hoover, which apparently comprises Mr. Pearson's documentation. Mr. Whitchead said in his book (see pages 290-291):

"Hoover's extraordinary appearance before the Senate group came about in this fashion: On Hovember 6,1953, Attorney General Herbert Brownell, Jr., told the Executives Club of Chicago that Harry S. Truman had appointed white to the International Monetary Fund despite two FSI reports which had described White's spying activities.

"Brownell's speech created a political uproar. The Senate Internal Security Subcommittee began calling upon Hoover to testify. He refused twice."

*Soon stories began to appear in the newspapers suggesting that President Truman had made this move so that 'White could be better kept under surveillance in his job! y the Fal. The New York'Times! on November 11, 1953, headlined a store by Arthur Krock: 'Aldes Say Truman Appointed White with F.B.I. Consent.! The story was attributed to 'persons who were in a position to know! and said that 'According to their account, J. Edgar Hoover suggested or at least agreed to the procedure recommended to and followed by 'resident Truman.!

nother stories reported that white's pransfer from the treasure to the International monetary Muna case of mane with Mover's approval in a conference attended by Moover, and lark (then ittorner meneral) and Fred Vinson (Then Secretary of the Treasury). After these stories appeared, Chief Counsel 20 ert Morris of the Internal Security Subcommittee notified the FBI that a formal request would be made for Lover to testify. Morris was told he would have to take the matter a with the Attorney General.

"The Subcommittee's formal request was then made to the department of Justice and Attorney General Brownell told Holver on November 16 that it would be proper for him to testify. Hoover in recalling the incident said: 'I agreed to testify on the third request because I wished to avoid a subpoens and because the story which was going around reflected on me

Fresident Truman make the statement that Hoover had been a party to the agreement." Also Mr. Whitehead quotes from an article in the New York Times concerning Mr. Hoover's testimony which says, in part, "Mr. Hoover....was

Your associate continues in his August 20 column, saying, "During the war Hoover had placed agents with every American embassy abroad." This statement is absolutely not true. Mr. Pearson attributes this statement to "close friends" of Mr. Hoover's - using the language - "As explained by his close friends,..." Mr. Pearson does not identify these "close friends" and I am unable to even guess the extent of their knowledge. But regardless of Mr. Pearson's faceless informers, Mr. Pearson himself should have known this statement was not true. Here, however, is what actually happened:

America and the danger of subversive activities being conducted there, Assistant Secretary of State Adolf A. Berle, r., called upon the late President Roosevelt for the President's views concerning the investigation of these activities. Hr. Berle on June 21,1910, advised that the President desired the FRI to be responsible for foreign intelligence work in the western hemisphere on the request of the State Department. Therefore, a Special Intelligence Service (SIS) was immediately created under the control of the FBI and continued its operation until 1947 when its activities were absorbed by the newly created Central Intelligence Group (CIG).

The FBI's foreign intelligence activities were carried on under the SIS program and agents were not placed in every embassy abroad.

Mr. Pearson was kind enough to report that the FBI had done a good job. Mr. Berle also thought so, for in 1946 he wrote Mr. Hoover saying, "You are a better judge than I as to whether the time has come to tell the story of the western hemisphere operation. Told or not, it is the story of a great piece of work. I do not think a similar operation has ever been carried on; and I can personally attest to the brillance of its results."

You might be interested in some additional background. In January 1946, President Truman issued a directive which created a National Intelligence Authority and a Central Intelligence Group. At a meeting of the Central Planning Staff of the CIG in April 1946, a proposed draft of a report to members of the Intelligence Advisory Board was presented. In this report it was recommended that the FBI assume jurisdiction for all subversive intelligence on a world-wide basis. In May 1946 Mr. Hoover forwarded a memorandum to the Attorney General expressing his objection to the assumption of this responsibility and stating that if the President and the Attorney General agreed that the FBI should not assume this responsibility, then existing SIS activities in the western hemisphere would be continued until such time as a new intelligence agency was prepared to assume coverage in the western hemisphere.

At no time did the FBI contact the President for the purpose of obtaining the authority subsequently given to the Central Intelligence Agency. Mr. D.Milton Ladd, former Assistant to the Director and in charge of all investigative and intelligence activities for the FBI, attended the Central Planning Staff (CIO) meetings and Mr. Ladd advises me that the FBI did not contact the President for this purpose. Mr. Pearson's statement, therefore, that, "Hoover went to the White House to plead that CIA be put under him.", is not the truth. I was an official of the FBI at the time and, consumant with Mr. Hoover's policy to keep FBI officials advised of all major developments, had Mr. Hoover gone to the White House for the purpose stated by Mr. Pearson I am certain I would have known about it. As a matter of fact I felt personally that the FBI should have continued to handle intelligence in the Western Hemisphere and so expressed myself to Mr. Hoover. He advised me that the FBI's job was to do as it was told by the President and the Congress. I also expressed my personal views to General Harry Vaughan, who resided in my neighborhood. General Vaughan told me that 'resident Truman felt that the FBI more properly belonged in the domestic field.

Your associate continues in his column with the statement, "On top of this, Hoover wanted to take over the Secret Service and its job of guarding the President. This was encouraged by Mr. Truman's close friend, Gen. Harry Vaughan."

I have no knowledge of General Vaughan's views or activities in this connection,

however, I do know that Mr. Hoover in my more than 20 years with in, never expressed in my presence any such desire. Mr. Hoover had the highest regard for the Secret Service and residered every possible assistance to that agency but to the Secret Service and residered every possible assistance to that agency but to my knowledge he never tried to take it, or any other agency, over. I have heard my knowledge he never tried to take it, or any other agency, over. I have heard him say on many occasions that the investigative agencies of the Federal government him say on many occasions that the investigative agencies of the Federal government should never be combined because in a democracy you need checks and balances to avoid creating a Kational Police.

Your associate continues that, "Hoover had assigned a special agent to Vaughan's office and investigated certain people Vaughan wanted investigated, which in some cases was playing politics - Democratic politics." The facts are that hr. Hoover did not play politics at General Vaughan's direction. A special agent did deliver correspondence to General Vaughan on a regular liason basis as with other agencies but by no stretch of the imagination could this be an assignment such as described by Mr. Pearson.

The next statement by your associate is, "General Vaughan in turn did his best to pursuade Hr. Truman to use the FBI instead of the Secret Service, and J. Edgar Hoover even got the House Appropriations Committee to earmark \$25,000 for the FBI to protect the President." It would be quite reasonable, I believe, to assume from this statement Hr. Pearson meant that Hr. Hoover did semething new while General Vaughan was at the White House. If Hr. Pearson had checked this he would have learned that for over 30 years, legislation authorizing salaries and expenses for the FBI has contained provisions for "protection of the person of the President of the United States." This authorisation in the appropriation acts permits the FBI to render assistance to the Secret Service from time to time as requested by that agency. Mr. Pearson furthermore failed to check Title 18, Section 3056, U.S. Code annotated, which reads:

"Subject to the Direction of the Secretary of the Treasury, the United States Secret Service, Treasury Department, is authorized to protect the person of the President of the United States and members of his immediate family, the President-elect, and the Vice President at his request."

It should be obvious that only the Congress can divest the Secret Service of its responsibility in this regard. I therefore find it difficult to place any credence in another statement of your associate that, "At Mr. Truman's request, Barkley blocked the FRI appropriation.".

Another paragraph of Mr. Pearson's column reads: "After these two rebuffs, Hoover developed a cold hatred for Mr. Truman. From that time on, he never set set foot inside Mr. Truman's office."

It is obvious that Mr. Pearson did not check this matter out, for if he had he would have ascertained the truth. As a matter of fact, as late as December 1, 1952, Mr. Hoover attended ceremonies at the White House at which President Truman presented the Distinguished Service Medal to Admiral Sidney W. Souers. On this occasion, persons nearby had the opportunity to observe that following the ceremonies, President Truman thanked Mr. Hoover for the assistance which the FBI and Mr. Hoover had been to him during his administration. Further, President Truman in a speech on September 28,1948, delivered at the Oklahoma State Fair Grounds, said, "The F.B.I., the greatest counter espionage organisation in the world, headed by J. Edgar Hoover, is alert, vigorous, and skillful. It is watching the Communists closely, and systematically protecting our Efternal security."

In 1950, before the Federal Bar Association in Washington and again in 1952 bofore the National Conference on Citizenship, in Washington, former President Truman made favorable remarks concerning the FBI. I mention these items because I know of my own personal knowledge that Mr. Hoover liked and respected Mr. Truman and the evidence is that this feeling was mitual.

These are some of the principal facts which Hr. Pearson should have considered before he wrote his column of August 20. For your information I checked each of them with Mr. D. Hilton Ladd and he agrees fully. Mr. Ladd, who now resides in Florida, was an Assistant Director of the FBI from 1939 to 1949 and an Assistant to the Director from 1949 until his retirement in 1954. He was intimately familiar with matters affecting the FBI during the Truman administration and agrees with the content of this letter to you.

Please give my best personal regards to your charming wife and family. I recall what a splendid employee she was when she worked for me at the FBI.

I regret this letter is so long however I felt that you would appreciate receiving the information it contains.

Sincerely

Stanley J. Tracy

October 24,1957

Mr. J. Edgar Hoover Director, Federal Bureau of Investigation 9th and Pennsylvania Avenue NW Washington 25, D C

Dear Mr. Hoover:

Thank you for your letters of October 22 containing invitations to attend the Retraining Session banquet of the National Academy on November 6 and the graduation exercises of the Academy on November 8.

Margaret and I are leaving for Miami Beach, Florida early on November 1. We are to meet my sister and brother -in-law from Salt Lake City on November 5 at the Dental convention in Miami. After a week there we are going on to Key West and up the Gulf coast, then to Geneva to visit with the Ladd's. We do not expect to return to Washington before December. Never having seen much of Florida we want to tour the entire State and find out for ourselves if what they say about Florida is true.

If we were not going to meet relatives on an agreed date we would pospone our trip in order to accept the invitations.

Thank you for inviting us. Margaret joins me in sincere regrets over our inability to accept under the circumstances.

With best personal regards,

Searched SS

A NOV 18 1957

Office Memorandum · untied states government MR. L. V. BOARDMAN October 31, 1957 DATE: MR. A. H. BELMONT FROM SUBJECT: LOYD WRIGH COMMISSION ON GOVERNMENT SECURITY Holloman Loyd Wright was the main speaker at the Annual Banquet 12-88472 of the American Society for Industrial Security at the Mayflower Hotel, Washington, D. C., on the evening of October 30, 1957. His address (attached), "Securing America's Productive Strength," in effect was a description of certain aspects of the work of the Commission on Government Security, particularly as it related to industrial security, and a plea for members of the Society to put pressure on Congress to see that the recommendations of the Commission were accepted. At the end of his talk, Mr. Wright departed from the script and forcefully declared that the menace of world communism and Soviet Russia has increased, rather than decreased, and that the American people had better wake up to this. Subsequent to the banquet, I chatted with Mr. Wright. He commented that anyone who took Attorney General Brownell's place would be in for tough sledding for the next three years and that while he liked Bill Rogers, he was, in effect, a boy trying to do a man's job and would be under a real disadvantage as he will have lost the head of his Criminal Division and the head of his Internal Security Division. Wright felt there was a need for a strong, mature man to head the Department of Justice; a man who could go out to the various parts of the country and insist on securing highly, competent attorneys to head the various United States Attorneys' offices-if necessary, on a sacrifice basis as public-spirited citizens. Wright apparently has respect and regard for the Bureau, although he did say, in passing, that during the work of the commission, while Director Hoover and General Swing apparently agreed with the work of the Commission, they did not afford him the assistance which he would have liked.

Memorandum to Mr. Boardman from Mr. Belmont

Re: Loyd Wright

Commission on Government Security

Mr. Wright was very outspoken concerning the need to preserve security. While he was chatting with Colonel Rubenstein, of the Air Force, Stanley Tracy and me, he got into a discussion with Rubenstein on the Pearson leaks, apparently referring to the public statements he (Wright) had made to the Moss Committee and the suit which Pearson has instituted against him. He arranged with Rubenstein for a meeting with Secretary of Defense McElroy next week, in order to get the Department of Defense back of him, as he intends to take a strong stand, publicly testifying before a Senate Judiciary Committee if necessary. Mr. Tracy mentioned to me later that the Attorney General had made available to Loyd Wright, Justice Department files showing details of Department of Defense investigation of leaks by Pearson and that these files showed the Department had been prepared to go ahead. with Grand Jury action against Pearson, but apparently the Attorney General backed down. Tracy said Wright is taking the position that he will publicly testify concerning these matters and will dare the Department to do something about it, on the basis that if they wouldn't prosecute Pearson, they can't prosecute him either.

G. A. Nease

SUBJECT:

Stanley Tracy advised me today that he has filed application papers with the Johns Hopkins University Applied Physics Laboratory at Silver Spring. He stated he had been asked to submit an application by one of the officials of the Laboratory for consideration for a position under their security setup. He explained that they wanted a mature individual who could deal with the scientists who are generally not security conscious. Tracy stated he did not know what would come of this but he wanted you and the Director to know about it.

ute Justices Urged for High Court

North American Newspaper Alliance

While the American Bar Association has declared againsta the pending Jenner Bill, which proposes to curtail the Supreme Court's power to override congressional and State authority, its has also come up with a suggestion of its own which very walls may attract strong support.

This plan, which the ABA approved in principle at its cura rent Atlanta meeting, would require full nine-member partici- qualified themselves, Tom Clark pation in decisions of all cases, because he had launched the preme Court as needed.

Whenever the Supreme too late to listen to arguments.

Court was shorthanded, or in the case. when sitting judges remove particular lawsuit.

Supreme Court to render some voting either way.

Legal Study Set

But the association appointed a committee to study the legal possibility of bringing in substitutes. The Constitution requires all members of the Supreme Court to be appointed by the President and confirmed by the Senate, and the same principle applies to all other Federal judges.

vanced temporarily to the Supreme Court by legislative enactment and, if not, just how such a transfer could be attained legall. It could be done, of course, by constitutional amendment.

A recent striking illustration of the effect of an undermanned court was the 4-2 Even before Justice Stone's finding last June that Ed., du Pent de Nemours & Co. was in violation of the anti-trust law because of its 23 per cent holding of stock in the General Motors Corp.

Two Disqualify Selves In that case two justices dis-

This would be attained by creation of a panel of judges anti-trust action in question, as Attorney General under drawn from among the 67 president Truman and Johnsmembers of the 11 United Marshall Harlan because he States Circuit Courts of Appeal had been an attorney for the 19 president Truman and Johnsmembers of the 19 preside They would be called up for DuPonts. Associate Justice temporary service on the Su-Whittaker could not vote be-Associate Justice. cause he arrived in the cours

themselves from consideration Supreme Court decision by less of a case because of personal than overall majority inevitdisqualifications, the court ably continues the lawsuit undisqualifications, the court abjust of the high court can, stitutes to fill the bench for a judges of the high court can, be assembled on the same side.

The DuPont indictment for, The Bar Association agreed wholly with the disadvantage criminal disobservance of the of a system by which any anti-trust law occurred in judge can withdraw himself. 1949. It was late in 1954 when with the effect of causing the United States District Judge Walter J. Labuy of Chicago deof its most important deci- livered the first decision in the sions with less than the minicase, exonerating the DuPonis, mum five-member majority Eight years had elapsed before the Supreme Court acted on the case, and then it actually settled nothing.

Negotiations Still On For nine months since then

Judge Labuy has been negotlating for a consent decree but with everybody knowing that nelther side will yield without carrying the case back to the Supreme Court. Probably it will be two years more before the issue again reaches the Sulower court judge could be adceivably with a short attendance on the bench.

The high point of Supreme Court short-handedness may have been in 1946 when, with Associate Justice Jackson away conducting the Nuremberg postwar trials, Chief Justice Stone died suddenly.

JENNER BILL SEEN THREAT TO COURT

Editorial Writer, Hailed by Liberties Union, Warns of Crippling High Tribunal

By MURRAY ILLSON A warning of attempts to "cripple" the Supreme Court and to "erect spite walls" around it was sounded yesterday at the annual conference of the New York Civil Liberties Union.

The warning was given by Trying Dilliard, editorial writer of The St. Louis Post-Dispatch, after he had received the Florina Lasker Civil Liberties Award of \$1,000 for outstanding work in the field of civil liberties.

Mr. Dilliard told the conference's luncheon session that Senate Bill 2646, submitted by Senator William E. Jenner, Republican of Indiana, was intended to "cripple the Supreme Court" because of recent rulings favoring civil liberties.

Vindictiveness Charged

Speaking in the Roosevelt Hotel, Mr. Dilliard declared that the Jenner bill "would have Congress vindictively retaliate against the Supreme Court for some eight civil liberties decisions." Cisions."

He said that the proposed legislation would bar the court "from appellate jurisdiction in five important fields, such as Congressional investigations and Government employment in loyalty investigations.

He said the bill also would "block the Supreme Court out in cases involving teachers and lawyers caught in the same net." Mr. Dilliard continued:

"The proponents of the Jenner him and the many other pender."

bill and the many other pending attacks on the Supreme Court would have the American people believe that our high bench to-day is packed with irresponsible jurists of one reckless mind. Actually the nine jurists who make up our Supreme Court now are probably more representative that manhers of court bench.

Mr. Dilliard noted that of the present Supreme Court justices four owed their commissions to President Eisenhower, three to President Franklin D. Roose-walt and two to President Harry velt and two to President Harry velt and two to President Harry S. Truman. He declared that geographically the justices were "more widely representative of the entiro nation than at any time in its history."

Spite Walls' Soon

After pointing to their widely ranging qualifications for the

court, he said:

"The notion that such a group of men, so variously experienced and assembled, would be either deliberately opposed to or thinkingly blind to the security of the American people is ridiculous on its face. Let there are those among us, including the sponsors of the Jen-ner bill, who are trying to use that notion to erect spite walls around our highest tribunal."

A panel discussion on "Wiretapping and Eavesdropping" followed the luncheon session. Stanley J. Tracy, Washington lawyer and former assistant director of the Federal Bureau of Investigation, said:

"Uncontrolled wiretapping and eavesdropping constitute a substantial threat to individual liberty, but properly restricted, these activities are essential, if not indispensable, to both na-tional and individual security."

Edward Bennett Williams, Professor of Law at Georgetown University and also a Washington lawyer, said that although Congress had made it a crime to tap telephones or to use information obtained from taps, "the Federal Bureau of Investigation has been and is continuously engaged in this illicit act and in the illicit unchallenged."

Parsons

SUBJECT:

While discussing other matters with Irving Ferman of the American Civil Liberties Union 9-26-58, he stated that he thought Gordon Tiffany of the Civil Rights Commission was probably going to do a good job and would render a good report. He stated that Tiffany's report will attempt to allow the communist influence in civil rights matters in the South.

Holloman

He stated that Tiffany conferred with him at the beginning and Ferman had told him the secret of his success would be to secure a competent investigative staff and be certain of his facts. He had suggested that Tiffany secure a former FBI man to head up his investigative unit but that Tiffany had not been successful in this regard. Ferman stated that Tiffany had secured an individual known as Colonel Rosenblatt, who had been a reserve officer in the Armed Services for some time. He stated that Tiffany is not happy with Rosenblatt's services.

Irving remarked that he had discussed the situation with Tracy on some occasions and I told him I understood that Mr. Tracy had been indirectly approached to work for the Commission and Ferman stated that this was true, that he had attempted to interest Tracy in the matter, and that Tiffany would like to have him on his staff but that Tracy is not interested.

Tele. Room Mr. Holloman Miss Gandy.

Mr. W.C.Sullivan

Mr. Pars Mr. Roset Mr. Tamn Mr. Trotter.

Mr. J. Edgar Hoover Federal Bureau of Investigation Washington 25, D.C.

Dear Mr. Hoover:

rlease find transmitted herowith a typed copy of notes I made while listening to Cyrus Eaton talk about his trip to Russia at the Fress Club recently.

Eaton makes a dignified appearance, is well groomed and well spoken. I can see how he can favorably impress an uninformed audience. It seemed obvious to me that he did not impress the Press Club audience because it was an informed audience.

As harmons so many times, one thinks of a question when it is too late. I had written my question and sent it up to the head table before the introduction of John L. Lewis as a long time friend of Eaton. Midway in Eaton's talk I thought of the question What happens to great labor leaders like John L. Lewis in Russia? Did you meet any -we never hear of them over here?"

Your articles on Juvenile Delinquency in the Sunday supplement are excellent. Hay I suggest a subsequent series as soon as mossible in the same medium -- "J. Edgar Hoover speaks on concepts of freedom." The articles:mositive views on civil rights, searches and seizures, ethics, truth, etc. No negative views, no criticism of anything past but rather the goals of the future toward which America should be working. A course in ethics to be mandatory, for example, in all public schools from the first grade through high behool - which by regitition on the appropriate age level, would help future generations have a clearer concept of property and personal rights of others; a clearer concept of the bill of rights because responsibility under the bill of rights is more important than the rights themselves Perhaps another book is the answer. I have talked with ferhal professors at Maryland, B.J.U, and GWU and they agree that the grade schools and high schools, are failing miserably in this area. NOV 20 1958

REC- 98 Sincerely

Stanley (Tracy)

Memorandum re Cyrus Eaton's talk before the National Press Club in Washington, D. C.

はないないない 大大学をはるはいない

Guests at the head table included Burton Ed Wheeler and John La Lewis, both introduced as friends of Mr. Eaton. Eaton's public relations man, Howard Skidmore of the C & O RR was also at the head table.

Eaton was introduced as a native of Nova Scotia and that he was educated for the Baptist Ministry. He came to the United States and became an errand boy for the Rockefeller family and decided that if you do not have money you should associated with it as closely as possible.

Eaton began his speech by announcing the title - A Capitalist Looks at the Commissars - that he qualified as a capitalist as Chairman of the Board of the C. & O RR. He remarked that foreign issues may be important on Nov. h in Maine, California and Minnesota. (And in Montana interjected Burton K. Wheeler).

In years gone by, said Eaton, we had no big national debt and no income tax but we have improved since then. (laughter).

He told of Rockemfeller giving \$75,000,000 to the University of Chicago when Dr. Harper was its President. Harper was enthused about Russia where he had recently been. His son (Harper's) became head of the Department of Russianat the U of Chicago and Eaton urged the audience to read the book "The Russia in Which I Rationally been, by Sam Harper. Eaton said he personally preferred Adam Smith and that Karl Marx would have been a capitalist if he had lived in America today, due to our able labor leagers etc.

Eaton observed x that whether we liked the communists or not, we had to put up with Communism. He said-"In Russia Isaw everyone and everything I wanted to see." "I went to the schools, mixexxxxx, libraries, and one is impressed by their willingness to learn." "They are really going places".

"One of my most interesting interviews was with Kruschev." "I am convinced they want to get along with us." "They are dedicated to Socialism and they are all for their system."

"They are amazingly friendly but are scared of what America is going to do to them."
"They want to make peace". "Kruschev said to me that he had been immensely impressed with American Scientists" -- "I want to give attention to agriculture to see that every family in Russia has plenty of food." -- "I want to enormously expand our educational system with thousands of teachers." -- "I want to enormously expand our housing." -- "I have tremendous respect for American Industry!! -- "I have tremendous respect for American Industry!! -- "I have tremendous respect for the American Industrialist." -- "I want peace and am willing to sit down and agree! -- "I understand that the difference in our economy. I recognize that you can't turn America into Socialism or Communism".

Eaton said, "Kruschev has a sense of humor. He can laugh. I would love to have President Eisenhour come to Russia. There would be a marvelous demonstration from the people, and he would be perfectly safe."

100-127094-233

TONICI ACITOD

Other quotes: "The oppoliceman in sight when we lift on in train as windnight was a woman with no revolver."

"When we are talking about Gival Astronom us are nicleading our people. There are enough now to destroy every city in the world."

"Denmark is disturbed as one boat would destroy it".

"Our participation in the Formosa Straits is sad." "Terrified confusion. Dulles changed his whole point of view." "I have never heard of greater nonsense than Formosa". "Eight million Chinamen feel that they USA forced Chiang Kai Chezk on them."

"Total war is no solution - we must get together."

"Let us get away from this nonsense - let us lunch together
I would say to a competitor who threatened a company of mine."

Questions after Eaton's talk:

Q. The announced purpose of Russia is to Communise the world.

A. "We set out to Christianize the world. -- I don't believe that they want to do it.

Q. Kruschev said we will bury you - do you think he will do so peacefully?

A. If we are going to neet the future we must have a closer alliance with labor, farmer and scientist.

Q. Did you see the slave camps and the Hungarian regolutionists? What did Kruschev say about them?

- A. I did not mention Hungary. Two of our leading American Scientists were born in Hungaryx a Hungarian said: What happened in Hungary was not because they were Communists but that they were Hungarians, America said if you will join our system our standard of living will be established in Hungary. The American issue is a phony.
- Q. Does Russia distrust us?
- A. They distrust us as much was we distrust them. They will conclude that we will start the bombs. We can trust people who are afraid of what we are going to do.
- Q. (question was about time helping the Russians).
- A. Time has done a lot for them.
- Q. Would you invite Kruschev as your guest in America.
- 1. Two ld like to our Emperhov as my suest.
- Q. (Question as a mut propaganda).
- A. As to propaganda they are replying in kind. They would go along if they thin though we meant it.
- Q. Why do they jam the Voice of America, U.N. debates --
- A. They are in the same position that the US was in its revolution. My ancestors fled as Tory's to Mova Scotia. Russia has made a terrific experiment and they get angry at our criticism.
- Q. Why are they afraid of Pasternak?
- A. The young folks in Russia think their system is wonderful, so they think criticism is serious. I think it is the young people and not Kruschev who resents him.
- Q. According to the NY Herald Tribune of Sept. 25, you were quoted as saying "I am confident that in Kruschev we have a man with whom we could deal. If the quote is correct, why, in view of what happened in Hungary, Azechoelovakia, Poland and other places, do you fell this way?

ع) در المحدد المواد المؤلفة المواد المواد

pa · 3

A. Enton's answer t this question was that wruschev really wanted reace; that he had a sense of humor; that he realized that America would not turn Communist and that the two countries could live side by side otc.

The Press Club was filled to capacity. The questions, the laughter etc during Eaton's talk indicated that the majority of those present did not agree with him.

Q. Have you ever been a monter of the ". Edgar He ever Fan Clab".

A. "There is far less emphasis on polic in Russic than in America. We had no volice, no guards, following us." "Mr. Hoover has done a great job and I hope that Mr. Hoover reglizes that his criticism of the

* Supreme Court is going a bit far." (there were a few words in this last sentence that were missed due to the laughter and noise that followed the asking of this question. It was my impression the audience the question as it was an obvious needling of Eaton).

100-127094 — 233 November 14, 1958 Mr. Stanley J. Tracy 33 4600 College Avenue D 11101111 001 College Park, Maryland Dear Stanley: I want you to know I am indeed grateful for your note of November 8 enclosing a resume of Cyrus Eaton's talk before the National Press Club. It is most regrettable that a man such as he--who owes so much to the American way of life which has made his financial status possible--should choose to bask in the ignominious propaganda rays emanating from Moscow. Certainly, his position is untenable. Thanks very much for your good words regarding my articles on juvenile delinquency, and, likewise, I am appreciative of your thoughtful suggestion concerning a series on the concepts of freedom. I will keep this in mind and perhaps an opportunity will arise whereby such a series will be possible. Enclosed is a copy of the October 31, 1958, issue of "Counterattack" which deals with the smear campaign against the Bureau and me. I believe it will be of interest to you. With best wishes, Sincerely. MAILED III NOV 1 4 1958 JEH COMM.FBI Enclosure 1 -Mr. Nease CBF:jc .C. Sullivan _ (See note next page) Tèle, Roos MAIL ROOM

STANLEY J. TRACY 4800 COLLEGE AVENUE COLLEGE PARK, MARYLAND

December 28,1958.

Mr. Tamm

Mr. Trotter Mr. W.C. Sullivan

Room

Hollomar Hiss Gandy.

Mr. J. Edgar Hoover, Director Federal Bureau of Investigation 9th and Pennsylvania Avenue, N W Washington 25, D C

Dear Mr. Hoover:

Stanky Tracy

Thank you for the Xmas remembrance of wonderful cigars - I will enjoy the luxury.

I hope that you had a pleasant holiday and that the New Year brings further successes to you and the Bureau.

In talking with Irving Ferman about a new book on our freedoms, civil rights, civil liberties and civic responsibilities, he feels that such a book by you would be terrificthat it would take the lead away from the "phony liberals". It would put them in the "me too" category and render a real service to the Nation, to the Bureau and to the patriots. It would dispel the "secret police" tag the left wing has been trying to hard to attach. It would make civil rights investigations easier through understanding and it would be a logical sequence to "Masters of Deceit".

In working out an outline for extended research on 54 the Fourth Amendment, Mickey and I found out that very little research has been done and very little of value published .-Much of such a book would be in this area. As soon as I can get to it we are submitting our outline to a Foundation in the hope of getting a grant for extended research and the publication of four needed textbooks. It would be a five year project -one year to outline it in the areas of economics, sociology, history and law, and four years to complete. It was study in this project area that gave birth to the idea of "FREEDOM"by J. Edgar Hoover, or some similar title.

Best wishes for a pleasant and happy Birthday and New Year on January 1.

20 JAN 15 1959

Stanley (Tracy)

PERS. FILES January 5, 1959 10-1 379-Mr. Stanley J.//Tracy 4800 College Avenue College Park, Maryland Dear Stanley: I am glad you are pleased with the cigars, and I am grateful for your New Year's Greetings and birthday congratulations. I certainly hope 1959 brings you a full measure of good health and happiness. It was good of you to inform me of your talk with Irving Ferman concerning a new book; however, my situation is such at the present time that I do not see how I can possibly work in such a project any time soon. As you know, we have the motion picture, "The FBI Story," under way, and there is also the matter of appropriations hearings and the convening of Congress which also tie us up for several months. I appreciate your contacting me in this regard and wish it were possible to give you a favorable response, but I feel certain you can understand my position. NOTE: Tracy is on the special correspondent's list. Ferman has been connected with The American Civil Liberties Union as Director, and we have had cording correspondence with him in the past. CBF:blr 6.

SENT FROM D. O.

TIME . DATE . lo Rik

October 22, 1959

Mr. Stanley J. Tracy 4000 College Avenue College Park, Maryland

Bear Stanley:

I am indeed appreciative of your letter of October 19, 1959, which you handed to DeLoach upon your visit October 21.

As you were advised, I will be in travel status beginning November 8, 1959, and for several days thereafter. This is in connection with an official commitment of long standing which is impossible to rearrange. I, therefore, believe it will be impossible to see President Wilkinson of Brigham Young University on any of the suggested dates as mentioned in your letter. In the event President Wilkinson plans to be in Washington for business reasons and will not have an opportunity to be back at a later date, he should feel free to stop by FBI Headquarters and discuss matters with one of my assistants.

The invitation mentioned in your letter is indeed appreciated. I know that I would enjoy a trip to Utah considerably. As you know, however, my schedule is completely subject to the heavy duties and responsibilities which daily face us in the FBI. For this reason it would be virtually impossible for me to make a firm commitment with President Wilkinson 3 even if our achecules allowed getting together during the dates as mentioned in your letter.

I hope you will convey to President Wilkinson my sincers appreciation and the fact that I would be most happy to see him any bing time that he is in Washington.

With best wishes,

Sincerely

TEH

ÖFTIBIKAL FORMANO, 10 UNITED STATES GOVERNMENT emorandum 8/31/60 Mr. DATE: DIRECTOR. FBI Alr. Tesiri Mr. W. TAMPA (100-59) SUBJECT: OFLOWIDA NETWORK INFORMATION CONCERNING Recelet to Bureau 8/1/60 captioned "THE NETWORK, INFORMATION CONCERNING." For the information of the Bureau and interested offices, the following background information on the network is submitted: On 5/9/60. Fla., who is known to the Resident Agents at St. Petersburg as an outspoken and militant fighter against that the Florida Network communism, advised SA (FN) is an anonymous group fighting communism and subversion in Fla. She said the headquarters is at Winter Park, Fla., the mailing address being P. O. Box 1542. She furnished a copy of the letters which FN sends to its new members and which explains in part the nature of the organization: "F. N. DECLASSIFICATION AUTHORITY DERIVED FROM: FBI AUTOMATIC DECLASSIFICATION GUIDE P. O. Box 1542 DATE 03-14-2012 Winter Park, Florida. "Dear Member: "We wish to welcome you as a new-member of Florida Ours is a unique organization in that it intends to quietly organize a statewide group of only the most dedicated and reliable patriots. Our organizational mission is to be prepared to take significant action or counter-action in the world political conflict against the earth's enemy, International Bureau (RM) 1 - Charlotte (RM) (Info) 62-105272-5 MCT - 19 - Chicago (RM) (Info) 1 - Jacksonville (RM) (Info) + REC- 68 1 - Los Angeles (RM) (Info) 1 - Miami (RM) (Info). %8 SEP 9 1960 1 - SaltLake City (RM) ((Info) · Tampa HKR: cwp

TP 100-59 Communism. Preparedness for larger future world developments is essential to our national and personal survival. "The Florida Network is not a "dues type" of organization nor do we openly solicit new members. Our new members are gained strictly by present members carefully selecting individuals of unquestionable reliability, loyalty, dedication to the preservation of freedom, strong belief in Americanism, and committed to the fight against Communism. These are the qualities upon which you were considered before you were asked to join. you have some patriotic friends who should be members of Network, notify your contact or write to us before extending an invitation. Each prospective member is carefully screened prior to inviting him to join. contribution will be greatly appreciated. (We prefer that mailed to P.O. Box 1542, Winter Park, Fla.)

"As we mentioned above, we have no dues for membership. But, as in any organization we have expenses; our chief expense is the cost of the monthly bulletin. Each member is requested to donate whatever he feels he can to defray these expenses. contributions be in cash, rather than checks, and they may be

"There are only four things we ask of our members:

- To take an active part in the fight against Communism, through local groups or individually; cooperate with other sound patriots in your area.
- To keep yourself well informed by reading and. studying both background material and current events.
- Follow closely and carry out energetically all suggestions made in the bulletin or coming from known F.N. sources. This is extremely important.
- To keep your membership and any reference to this organization strictly confidential. It should not be talked about except with your "contact" or associates whom you know to The bulletins should not be read by anyone except be members. members. This is vital.

"We appreciate hearing from our members, particularly in reporting on activities in their own areas.

"Cordially.

F.N.

"NOTE: PLEASE DESTROY THIS LETTER IMMEDIATELY AFTER READING IT."

TP 100-59

named Dr. WILLIAM E FORT, JR. as one of the founders of the organization. Dr. FORT, a former professor at Rollins College in Winter Park, has been known to the Resident Agents in Orlando as an outspoken opponent of communism and an admirer of the FBI. Upon leaving Rollins College about two years ago, Dr. FORT was employed at Pomona College in California. From February to July of 1960, he has been a resident of Tampa, Fla., where he was employed as Director of the Florida Coalition of Patriotic Societies.

On 7/6/60, Dr. WILLIAM E. FORT, JR., Tampa, advised

FLARIDA NETUNGIA

On 7/6/60, Dr. WILLIAM E. FORT, JR., Tampa, advised

SA the FN was founded approximately three years

ago by Dr. FORT and He said at the outset
he had the support and encouragement of D. MILTON LADD, former

Assistant to the Director of the FBI and General GEORGE STRATEMEYER
(Retired), both of whom resided near Winter Park, Fla. He said
these two men and Dr. FORT prepared and signed letters about the
organization in an effort to enlist interest of prospective new
members.

Dr. FORT furnished information similar to that in the labove letter as to the nature of this organization. In addition, he advised that FN is an "underground type" organization whose aims are:

- 1. To infiltrate Communist Party front groups in order to counteract communism influence.
- 2. To form a hard core anti-communist group to act in event the communists ever succeed in taking over the Government of this country.

He said they are very selective in their recruiting of new members on the basis of character, loyalty, and integrity. He said it is not their purpose to insist that everybody think alike so long as they are loyal to basic principles of our democratic system. He said new members are recommended by the old proven ones and are checked on before being invited to join.

Dr. FORT said the organization is designed to act not as a group but through its individual members. Each member acts on his own but the activities are coordinated by district and state leaders. They have a monthly publication known as the "Florida Network Bulletin," which is produced in Winter Park by mimeograph process. Its purpose is to alert the members

TP 100-59

to dangerous situations as they arise and to guide them toward effective action. Among the actions it suggests are that members write letters to the editors of various publications, letters to congressmen, attend meetings, etc. The "Florida Network Bulletin" is confidential and members are told not to allow outsiders to read same.

As example of the FN's activity, Dr. FORT pointed out that several FN members had attended the meeting sponsored by the Southern Conference Educational Fund in Orlando, Fla., 3/12/60, and the FN intends to pursue its infiltration of this group.

Dr. FORT said there are approximately 200 members of the FN in Fla. The organization is in small groups or cells so that members do not know each other except where necessary. The only complete list of members is at the state headquarters in Winter Park. The headquarters and publication of the Network's Bulletin are the responsibility of

b6

b7C

Fla.

Dr. FORT said he has been the state leader in Fla. since the FN was organized. During the preceding year when he was at Pomona College in California, he organized three similar groups there, two of which he said are still in existence. the meantime, people in other states have become interested in the FN and have begun to organize similar activity. Dr. FORT said some former Bureau personnel interested in the Network are: D. M. LADD, mentioned above, who he said has been kept apprised of the FN's progress throughout its existence; STANLEY TRACY, former Assistant Director of the FBI; and Mr. CLEON SKOUSEN, former Special Agent and former Chief of Police at Salt Lake City, Utah. He said Mr. TRACY introduced him to and JACK ISON, both former FBI Agents, who now head the American Security Council (ASC) in Chicago. He said it is anticipated ASC through a satellite organization will provide national leadership and coordination to the various state networks.

At the time of the above interview Dr. FORT was preparing to leave Tampa and move to Buena Park, Calif., where he will be employed as Director of the Free Enterprise Association. His address there will be P. O. Box 121, Ghost Town Rural Station, Buena Park, Calif. He said nobody had been selected

TP 100-59

b6 b7C

to take over state leadership of FN in his place, although efforts were being made to select a new leader. After Dr. FORT's departure from Tampa, he sent SA a carbon copy of a letter he had written to Mr. ROBERT WALL, former SAC at Miami, soliciting WALL's assistance in connection with the FN and stating a representative would call on him. Dr. FORT also advised in a letter that the coordinating agency in Chicago has been set up but may not begin functioning for a year or two. He said it will be known as the foundation for American Research. In the meantime, he requested FN to make reports of its activity to the ASC, 205 West Monroe St., Chicago 6, III.

Copies of the "Florida Network BulletIn" are received regularly by the Tampa Division.

Tamm, FBI Lab Chief, 3.3 Has Retired

Quinn Tamm, an assistant Idirector of the FBI, has retired after 26 years' service and will take the post of diameter of the

rector of the field service of the International Association of Chiefs of Police.

The retirement, effective Jan. 19, was made public by the FBI after Metropolitan

Tamm Police Chief
Rebert V. Murray, who is also
president of the Association,
amounced Tamm's new appointment, made Friday.

The new job formerly was held by Ray Ashworth, who died Dcc. 22. The field service is a key function of the association, investigating on request the problems of police departments throughout the nation.

Tamm, 50, is in charge of the famous FBI crime laboraltory, which assists in the scientific solution of a multitude of crimes.

His retirement enlarges a list of top FBI officials who, have retired in recent years. These include Insp. Howard B. Retcher, who had charge of training and inspections, and six assistants to director J. Edgar Hoover: Louis B.Xichtols, D. Milton Ladd, Stanley Tracy, Ralph Hapbo, Hugh Clegg and Earl J. Connelley.

told the FBI Identification Division employee he a private eye. He asked the same general questions of the Tech employee as were asked of the Tech Section employees in the anonymous calls a few minutes before.

The above is for information.

b6

b7C

OPTIONAL BORM HAD LO Persons UNITED STATES GOVERNM Mohe Relmont 1 emorandumCallahan MR. CALLAHAN DATE: February 21, 1961 Trotter 🗕 W.C. Sullivar Tele. Room C. R. DAVIDSON CO Ingtan SUBJECT: Former Fingerprint Classifier Dismissed with Prejudice 10-8-47 In connection with my memorandum of 2-1/7-61 regarding telephone calls made to the Identification Division and to Mr. Stanley Tracy and a current employee of who is a private investigator associated with the Technical Section by , the Director asked whether local police check on backgrounds before issuing licenses to such outfits. It was noted in my memorandum that | had been arrested several times and in April 1938 was sentenced to a term of six months by the State of Maryland upon conviction of embezzlement. Bureal files also reflected that | has engaged in polygraph operations and is suspected of was charged with assault and indecent exposure having engaged in wire tapping in 1947 but the charges were dropped. Inquiry by the Washington Field Office has disclosed that is not required to have by the District of Columbia as a private investigator but A check of the files of the a license in order to work as an investigator for Metropolitan Police Department disclosed that was arrested on 5-18-48 on a drunkenness charge in the Seventh Precinct and forfeited \$10 collateral. This arrest had not previously been known to the Bureau. "In answer to the Director's inquiry, private investigators' licenses are issued by the Department of Licenses and Inspections of the District of Columbia which is not a part of the police department. They are renewed annually. The applications are submitted to the police department for background investigation and recommendation before the applications are approved. In the case of he worked for another licensed investigator, prior to 1953 at which time he first applied for his own license. The police department investigation disclosed his arrests and his conviction, together with the fact that he had served in the Canadian army during the First World War, was honorably discharged and his former employer, a licensed private investigator, favorably recommended him. The police department report indicated that raised a question as to his fitness for the license. However, the Honorable F. Joseph Donahue, President of the District of Columbia Board of Commissioners, was consulted and expressed the opinion that issuance of the license to could be justified as a contribution to the rehabilitation of an individual who had demonstrated a sincere effort SCIIC:pmd (4) pol Si & Si B F B I P 1 - Mr. Trotter (sent direct) 1 - Mr. C. R. Davidson (sent direct)

to that end. The Deputy Chief of Police, Edgar E. Scott, recommended that application be turned down but the license was granted by the Department of Licenses and Inspections.
In November 1953 the police received a complaint that in seeking information from the U.S. Coast and Geodetic Survey, had inferred that he was connected with the Missing Persons Bureau of the Police Department. Investigation did not substantiate this complaint and was called in and orally admonished but no further action taken against him.
charged with simple assault and unlawful entry. These charges resulted from his entering an apartment with a photographer for the purpose of photographing a man and woman to be used as evidence in a divorce action. The assault charge was dropped but was convicted of unlawful entry and fined \$50 with the alternative of serving 30 days. He appealed to the Municipal Court of Appeals which sustained the conviction. Following this conviction, the police department recommended that license be revoked and the police department files indicate that apparently the Department of Licenses and Inspections did revoke it. However appealed to the Board of Appeals and Review of the District of Columbia which held that the police department recommendation had been arbitrary and reversed the decision of the Department of Licenses and Inspections.
From the above, it is apparent that the police department has been aware of background and character and has opposed his licensing as a private investigator in the District of Columbia. However, has been able to overcome that opposition and presently holds a license.
The above is submitted for information. (A) (A) (A) (A) (A) (A) (A) (A

April 19, 1961

MR. MOHR:

Former Assistant Director Tracy called and talked to Kemper. He said that he had been asked to serve on the Board of Director's of the "People to People" program which program is designed to cut down the anti-American feeling, particularly in Central and South America. He said this is strictly a free enterprise matter and is being run

by retired Ambassador Wiley. He said the United States Information Agency is backing the matter very closely. Tracy will serve without compensation.

RESPECTFULLY,

D

C. D. DE LOACH

Dear Stan:

All of a sudden we have a followup on that nice authgraphed book. One of my Civitan friends admired it, and now I find myself chairman of an international committee on citizenship duties, which committee feeels it would like a private conference with J. Eggar Hoover. The committee is a special policy-making committee, under the new President-Elect of Civitan International, which would like the benefit of such a conference for policy making purposes within this organization, which, as you know, I think, has local clubs in nearly all parts of the United States and Canada. Mr. Hoover, I know is acquainted with Civitan. For your information I enclose a little pamphlet of general information about the organization. I am a past International Judge Advocate of the group, as well as having held other offices. If the Director would grant an interview, q the committee or its representatives would come to Washington at some future date to be arranged by mutual agreement.

This group do not aspire to be volunteer vigilantes, or such, but would like to dotheir part to form a policy for alert,

informed, interligent citizens.

My secretary went home with an incipient case of the summer virus, and the other one is loaded with rush legal work. Finding one typewriter free, I am trying my hand at typing, in order to get this on its way bo you by air mail. I find that my typing is atrocious, but I hope under the circumstances you will let it pass on account of the intrinsic merit of the effort it represents.

Anyhow, the inquiry is confidential, brief and polite, to the end that you may let me know as soon as may be convenient if you can and will assist me as chairman of such a committee to obtain and carry through with such an appointment as I have outlined above.

Sincerely,

OT Rod a Kernia operation recently and locused back to reduced health like a rubber ball. Of and Bell Sanders would both want me to convey personal greatings of they know I own world your leturned reyords xerox winting you.

Charmed reyords xerox

Jones to DeLoach Memo RE: Louis M. Hopping

commented very favorably on the work done by Agents in the Detroit area. (62-45556-12X)

In March, 1952, information was received that Hopping was practicing as an attorney in Detroit, and a newspaper clipping from the "Detroit Times" on 2-11-60 reported that Hopping was the attorney for two Teamsters officials in Detroit who had filed motions in federal court to quash subpoenas requiring them to make depositions in a suit to remove James R. Hoffa as president. According to the article, Hopping was contesting the validity of the subpoenas and stated that his clients had no objection to testifying but feel they are entitled to valid subpoenas. (63-5327-A; 105-62023-3)

Civitan International was founded on 4-15-20 and, according to their brochure, is an association of local chartered Civitan Clubs throughout the United States and Canada dedicated to the task of building better citizenship. The headquarters of Civitan International is located in Birmingham, Alabama, and the Director furnished a statement to the organization in March, 1961, on the occasion of Civitan's 41st Anniversary. (94-1-72)

RECOMMENDATION:

That someone in your (Mr. DeLoach's) office contact Mr. Tracy and advise him that the uncertainty of the Director's schedule precludes an appointment; however, it should be suggested to him that if Mr. Hopping and his committee come to Washington and the Director is not in, the services 9-27-61 contactions Dorler Aliolis Alice of an assistant will be offered.

MR. MOHR:

At 12:30 p.m. today, former Assistant Director Stanley Tracy called and talked to Kemper in my office. It will be recalled that Tracy, along with others, has joined the Wackenhut Corporation which is not held in a favorable light by the Bureau. Tracy asked Kemper if he could go to lunch and Kemper declined. Tracy then asked if it would be possible to have his fingerprints taken in the Tour Room and Kemper advised him we no longer have these facilities available. (We do have these facilities available and do take fingerprints on a very limited basis.) Tracy told Kemper that he had joined the Wackenhut Corporation, which Corporation does industrial security investigations, and that he had met with the Board of Directors. He said he was very much "impressed" with the group. Kemper, of course, made no comment.

Tracy apparently is taken in by the group and from his conversation is not aware of its background or the Bureau's feelings towards it.

OPTIONAL FORM NO. 10 UNITED STATES GOVERNMENT emorandum TO DATE: November 9, 1962 Galo Mr. Mohr Rosen Sullivan Tavel Trotter C. D. DeLoach Tele. Room SUBJECT: WACKENHUT CORPORATION Kemper saw Stan Tracy, former Assistant Director, the other day and Mr. Tracy stated that he was still on the Board of Directors of the Wackenhut Corporation. He said he was there as an observer so he could see if they did anything that would embarrass the Bureau and could put a stop to it. He said the operation of the organization has been taken over by former Inspector Victor P. Keay and that he has done a real house cleaning. For example, he went to Buffalo and after checking, fired former Agent Harry E Manicas. It will be recalled that Manicas used the National Academy Directory of Graduates in connection with his investigations. n Mr. Tracy further stated that the organization had removed all mention of the FBI in its literature and further that they are moving from the investigative field to the protection field. He said for example they recently bought a protection company in Los Angeles and furnishes guards and protective devices for the May Company. 1 1116 3.61 ORIGINAL PLEAD IN 63 - 10 1 - Mr. Jones ECK:geg **REC-33** (3)NOVE 2001 962 302 DEC 6 1962

Chicago Daily News 1708 Time-Life Building	9d 7d	6 7C
New York 20, N Y		
Dear		

Last month, on October 21, the Washington Post carried an article over your by-line entitled "FM Run in Autocratic May Ex-Agent Says."

In my opinion it was an unfortunate article and an unfortunate caption. It cortainly was not in the public interest and it was unfair in its implications to those now employed in the FRI and to those formerly employed. It was my personal privilege to have been with the FBI over 20 years and at the time of retirement in 1954 I had been serving as an Assistant Director over 13 years.

The federal public service is demanding, as I can testify after more than 35 years of such service. Agencies such as the FBI must have the highest standards of both performance and conduct. The public image of the FBI should have alerted you to seriously question the reliability of an individual who had less than a year of service. His very statements should also have alerted you.

Transmitted herewith is an address by the President of the Associated Press, who is also Vice President and Editor of the Evening Star newspaper. He speaks on the public image of the FBI from the viewpoint of 38 years of personal observation. I hope his statements will be revealing to you, in a more favorable way, as to the operation of the FBI under Mr. Hoover's direction. As a member of the press I am certain that you would know that there is very little that could have escaped Mr. McKelway's notice in 36 years.

Studies (TRASY

Sincerely yours,

Alumni Secretary

SUBJECT:

FORMER ASSITANT DIRECTOR

STANLEY J./TRACY

While speaking to Kemper on other matters, Kemper asked Mr. Tracy how he was progressing from his recent back operation. Mr. Tracy said that his condition had been rather unusual in that a timor had been removed from the spinal column which was malignant. He said this arose from a prenatal condition. He pointed out that while a child is in the process of being developed the spinal column is a tube. He said this later forms into the backbone as the child develops and the tube dissolves. Oftentimes, however, pieces of this tube will remain in the body but usually in the upper reaches of the backbone. In his case, it was in the lower back and last March he began to develop extreme pain in his legs which required his wearing a metal corset. A series of X-rays, however, developed that a tumor was forming around two lower discs in his back and this was removed and was found to be malignant. He said for the next several weeks he is taking daily X-ray treatments at George Washington Hospital and the doctors feel confident that all vestiges of the tumor have been removed. He is able to move around with the aid of a metal corset but has not been able to return to his office at The George Washington University.

Mr. Tracy seems in good spirits and we will keep in touch with him. The Director wrote Tracy on 11-30-62 in connection with his operation.

Tracy and Renzaglia Get Lettermen's Club Past Athlete Awards

• STANLEY JUTRACY and Guy A member of the District Bar, and Anthony Renzaglia have been elected to the Hall of Fame of the University Lettermen's Club and will receive their awards, at the annual awards banquet May 15, in Lisner Lounge.

Tracy, a former University track star was an outstanding two-mile man for the Colonials in the early 1920's, Mr. Tracy now serves the University as director of Alumni Relations Renzaglia was a three-year letterman at the guard position for the football team in the late thirties. Mr. Renzeglia is now the director of the Rehabilitation Institute of Southern Illinois University.

The Hall of Fame is composed of former University: athletes. Election to this group is based or avocations as well as the acquisition of athletic honors during college days. The awards cannot be made to any who have not earned letters or numerals at least ten years prior to being honored.

Before becoming affiliated with GW in 1954 Mr. Tracy had served the government for 34 years, winding up his government career as assistant director of the Federal Bureau of Investigation. He previously had served as special agent, statistician, assistant economist and office manager of the Department of Labor. The Veter and Auministration and the FBI

the Utah State Bar, he was admitted to the Supreme Court in 1947.

Dr. Renzaglia, who received his Master's and Doctor's degree in physical education, counseling and psychology, at the University of Minnesota, has been in Minnesota, Montana and Illinois for the past. twenty-five years. He served in the Air Force from 1941 to 1946 and has since been professor, lec-turer and associate director in psychology and counseling at the University of Minnesota: Montana State, University of Missouri, and Southern. Illinois. University.

Both men will be honored along with members of the board of governors and past presidents of the University Lettermen's club. at the banquet in Lisner Lounge at which Colonial athletes of the current endemic year will receive their letters and numerals.

Mr. Tolson. Mr. Belmont. Mr. Mohr. Mr. Dollacht Mr. Evans. Mr. Gale Mr. Rosen Mr. Sullivan Mr. Tavel Mr. Trotter.. Tele, Room. Miss Holmes. Miss Gandy.

Dear

October 2,1964

b6 b7C

Thank you for your column in the Washington Post this corning entitled "Pity the Poor FBI".

In my opinion you have set the record straight in a very understandable and forceful manner. Not only the FBI but all law enforcement will benefit from your column.

The American public needs to know the practical problems facing their law enforcement agencies if they are to have confidence in them. Certainly today all law enforcement needs the confidence of citizens if it is to cope with the manifold problems in the area of crime and social unrest. Theirs is not an easy job and public understanding is vitally important.

For your information I am a retired Assistant Director of the FBI (1954) and for 20 years was stationed at the Washington headquarters.

Thanks also for the last paragraph of your column and its 1364 reference to Fred J. Cook.

Sincerely,

Stanley J. Tracy Director of Alumni Relations

Mr. J. Edgar Hoover Federal Bureau of Investigation 9th and Pennsylvania Avenue N W Washington, D C

Dear Mr. Hoover:

A lot of people are pleased that you spoke out as you did in your recent press conference. Some are not pleased but what would be expected from the Washington Post?

It is way past time for many in both public and private life to speak out. I have been amazed at the failure of civic leaders and corporation executives to raise their voices sufficiently loud to be heard clearly in the halls of the Congress. I am not amazed, but am rather dismayed over the views of so many of our alleged educators on law enforcement and security. They seem to be unconcerned with facts and lacking in understanding of basic research.

E With all good wishes, I am

October 11,1965

Mr. J. Edgar Hoover Federal Bureau of Investigation 9th and Penna Avenue N W Washington, D C

Dear Mr. Hoover:

national level.

The dinner of the Washington Chapter of the Society of Former Agents, held at the Shoreham hotel last Friday evening, was, in my opinion, a milestone. I have not been active in the Society for many years, since the time that Mickey Ladd and I tried to get them to adopt a code of ethics which I wrote. We also tried to get them to form national committees similar to those of the American Legion.

There has been a noticeable change in the past ten years. The old timers (the hate the Bureau group) are fast fading from the picture and newer members are taking the leadership. An example is the election of Bob Newby as Chapter Chairman for Washington for Washington. The organization nationally has reached maturity and is I believe can now be depended on to assume responsible leadership in areas of national concern.

Deke DeLoach did a tremendous job at the dinner. His remarkswere received with high approval. He stressed the fact that the Bureau and its former agents have a mutuality of interest that is deep and responsible.

I sincerely believe that continued contact by representatives - 1 such as Deke is good, not only on the chapter level but also on the

You will be interested to know that Len Viner's Rother was the dinner and I had a chance to talk with her Sheris mearly blind which is most unfortunate.

Please take care of your health, the country needs you at the helm for many years yet.

WACKENHUT CORPORATION BOARD OF DIRECTORS MEETING 12/5/66 AT KEY LARGO, FLORIDA

GOVERNOR-ELECT CLAUDE R. KIRK. JR. OF FLORIDA

Former Assistant Director Stanley Cracy, member of the Board of Directors of the Wackenhut Corporation, yesterday advised an official of the Bureau as follows:

The Board of Directors of the Wackenhut Corporation met at Ocean Reef Motel, Key Largo, Florida, on 12/5/66. The meeting was attended by Governor-elect Claude R. Kirk, Jr., who arranged to hire the Wackenhut Corporation to conduct background investigation of all his appointees and to conduct investigation in Dade and Broward Counties of persons in public life under suspicion for bribery, malfeasance in office, etc. Mr. Tracy advised that the Wackenhut people turned down the Governor-elect's request to conduct a survey into crime conditions in general in Florida. It was agreed at the meeting that any information coming to the attention of the investigators which would be of interest to the FBI would be immediately brought to the attention of the Special Agents in Charge of the three Florida FBI Offices.

Mr. J. Edgar Hoover, Director Federal Bureau of Investigation 9th and Pennsylvania Avenue Washington, D C 20530

Dear Mr. Hoover:

Congratulations to you on your handling of the Ramsey Clark matter. You said forthrightly that which needed to be said. I thought the articles in the press of yesterday were excellent.

The lowering of standards is causing concern to many citizens. In government, the privacy Personnel Security Questionnaire of the Department of defense is an example. When I testified before the House Committee on Internal Security on September 24,1969 (hearings on H.R. 14864), I urged that it be the intent of the legislation that criminal and subversive data on applicants or employees in defense industries, be made available to management and labor on a need to know basis. In universities, the lowering of admission standards to accommodate minority groups and the poor, and the tolerance of violent dissent and destruction of property, is a direct threat to higher education.

I hope that you continue to speak out on the need for good strong men in government, labor and in our universities.

With personal best wishes, I am

The Honorable L. Patrick Gray III Acting Director Federal Bureau of Investigation Washington, D. C.

Dear Mr. Gray:

George 1 On behalf of the directors, officers, and employees of The Wackennur Corporation, I, as Chairman of the Board and President, wish to take this opportunity to extend to you our congratulations on your appointment as Acting Director of the Bureau by President Nixon and our best wishes to you in your administration of the Bureau as the successor to J. Edgar Hoover.

You may be interested to know that four of the thirteen members or the Board of Directors of The Wackenhut Corporation, including myself, John S. Ammarell, Jr., former Assistant Director, Starcing, and General Joe Carroll, are former Bureau agents. In addition, six of the nine top or cers of the corporation are former Bureau agents, as are many of our managers throughout the country.

All of us, in the past, have been and remain strong supporters of the Bureau, its work, its employees, and its goals. As you know, in the past years and, more often, in the past year, J. Edgar Hoover was undicalmost constant attacks by members of Congress, the press, and left-wing soups. We, here, have actively and constantly given Mr. Hoover our support.

You may rest assured that you, as the Acting Director, will also receive the support of this corporation to achieve your goals within the Bucaco which, I am sure, will follow those set by Mr. Hoover, to assure that the Bureau's integrity and achievements continue in the future along the paths led them in the past by Mr. Hoover.

Too Much Intelligence' (Cont.)

SIR: Your editorial, "Too Much Intelligence", was most confusing If the FBI, as, it states; "... has stopped compiling dossiers on members of Congress and congressional candidates," I wonder what it is going to do with correspondence from citizens furnishing information about such individuals.

Your suggestion that "he (Acting Director L. Patrick Gray) should go one step farther and destroy the congressional files, to remove any doubts on Capitol Hill? is cause for real concern. Many thousands of citizens voluntarily furnish information, to the mass media and to federal and state law enforcement agencies. On the federal level, such communications become official documents and their legal destruction may be accomplished only by approval of the National Archives. Is The Star-News recommending that Congress authorize of require that all data collected or received concerning members of Congress and congressional candidates be destroyed by the agency receiving it? What a mess that would be and what a boon to politicians who may have something to hide.

may have something to hide.

Your editorial was a "tempest in a teapot", and it clearly showed that the editorial writer did not think the subject through. In my opinion, the mass-media view has always been, as to its own operations, that there is no such thing as "Too Much Intelligence", and with this

view I agree.

I had confidence in the integrity of the FBI files under the late Director J. Edgar Hoover, and I have equal confidence in Acting Director Gray's maintenance of those files.

Stanley J. Tracy.
